Product Overview

Genius NX-7123 Smile Curve Design Wireless Mouse - Black / Red, 2.4GHz RF Frequency, USB Type-A receiver, Up to 10 meters working distance, 4 buttons, AI Copilot Activation Key, Optical Sensor Engine, 1200 DPI Resolution, One AA Alkaline Battery

Specifications

Overview Summary:

The Genius NX-7123 Smile Curve Wireless Mouse blends style and efficiency for home or office use. Its ergonomic Smile Curve design ensures comfort for long hours of use, while the dedicated AI Copilot button helps you streamline tasks on Windows 11 with ease. The 2.4GHz wireless connection and USB-A receiver provide a reliable range of up to 10 meters, and the 1200 DPI optical sensor ensures accurate tracking on most surfaces. Lightweight and compact, it's powered by a single AA battery, making it easy to use anywhere. Buy now and enhance your productivity with a sleek, functional design.

Performance tier:Mid-range

Uses:Office work, remote work, productivity tasks, casual gaming, general computer use

Overview:

Genius NX-7123 Smile Curve Wireless Mouse

The Genius NX-7123 wireless mouse combines style and productivity in a compact, ergonomic design. Its Smile Curve shape adds a comfortable and cheerful touch to your workspace, while the AI Copilot key helps you streamline tasks effortlessly on Windows 11 or above.

This wireless optical mouse comes with a 2.4GHz RF connection, a USB-A receiver, and a working range of up to 10 meters. It offers precise 1200 DPI tracking, a four-button layout, and a dedicated Copilot activation button, all powered by a single AA alkaline battery. The mouse is available in multiple color combinations, allowing you to match it with your personal setup.

Features:

Compact Design with Smile Curve Shape

The NX-7123 features a unique Smile Curve design that enhances comfort during long hours of use. Its sleek curves not only reduce hand strain but also add a cheerful, stylish look to any desk.

Boost Productivity with AI Copilot Key

Equipped with a dedicated AI Copilot button, this mouse lets you quickly activate the Copilot Assistant on Windows 11, helping you perform tasks faster and stay focused. The four-button layout ensures smooth navigation and efficient workflow.

Reliable Wireless Performance

With a 2.4GHz RF connection and USB-A receiver, the mouse delivers stable performance up to 10 meters away. Plug-and-play functionality ensures quick setup without any complicated installation.

Customizable Style Options

Choose from multiple color combinations including Black, Black + Blue, Black + Red, and Black + Green. The dual-color design allows you to personalize your workspace while keeping a professional look.

Precision Tracking and Power Efficiency

The optical sensor offers 1200 DPI resolution for accurate tracking on most surfaces. The power-saving switch helps extend battery life, making it ideal for both home and office use.

Easy to Use and Maintain

Simple plug-and-play operation with USB-A receiver, a lightweight design, and a single AA battery requirement make this mouse easy to maintain and use anywhere.
