

MOVEV31849

Verbatim 31849 Sync & charge cable USB-C to USB-C 240W 40 Gbps Display 120 cm

Product Overview

Verbatim 31849 Sync & charge cable USB-C to USB-C 240W 40 Gbps Display 120 cm, 5.1mm Diameter, Up to 40Gbps Data transfer Speed, 240W Max Power Output, PD 3.1 charging standards. Verbatim USB4 USB-C to USB-C Cable with LED Power Display for syncing and charging.

Specifications

Overview Summary:

Verbatim USB4 USB-C to USB-C Cable with LED Power Display delivers professional-grade performance for users who demand speed, reliability, and durability. Offering up to 240W of charging power and blazing 40Gbps data transfer speeds, it's ideal for powering laptops, gaming consoles, and workstations with ease. The integrated LED display provides real-time charging power updates, so you can monitor performance at a glance. Built with a braided nylon jacket, reinforced metal alloy connectors, and aramid fibre core, this cable is designed to withstand daily wear while maintaining top-tier efficiency.

Whether you're transferring large media files, editing 4K or 8K content, or charging your high-powered devices, this cable ensures smooth, uninterrupted performance. Perfect for home, office, and travel, it's a must-have for anyone who values both speed and durability. Buy now and experience the future of USB-C connectivity.

Performance tier: Professional-grade

Uses: Charging laptops, powering gaming consoles, transferring large data files, connecting USB-C devices, high-speed media editing

Overview:

Verbatim USB4 USB-C to USB-C Cable with LED Power Display - 240W, 40Gbps, 120cm

High-Performance USB4 Charging and Data Cable

The Verbatim 31849 USB4 USB-C to USB-C cable is designed for those who need both speed and durability. With a maximum power output of 240W, ultra-fast 40Gbps data transfer rates, and an integrated LED display, it delivers professional-grade performance for demanding devices.

Features:

Key Specifications

- Connector Type: USB-C to USB-C
- Cable Length: 120cm
- Cable Diameter: 5.1mm
- Power Output: Up to 240W (PD 3.1)
- Data Transfer Speed: Up to 40Gbps
- Display: Integrated LED power display
- Compatibility: USB-C devices including laptops, workstations, gaming systems, and Thunderbolt 3/4 devices

Main Features:

- Supports PD 3.1 charging up to 240W for rapid charging of high-powered devices
- Capable of charging laptops, gaming consoles, and professional workstations efficiently
- Transfers large files, 4K and 8K video content, and other high-volume data in seconds
- Built-in LED display provides real-time charging power updates
- Aramid fibre inner core for superior structural strength
- Durable metal alloy connector housings for long-lasting use
- Braided nylon exterior for extra resistance to abrasion and tangling
- Tested to withstand over 30,000 bends without compromising performance

ComX Computers

Product Specification Sheet

- Fully compatible with next-generation connectivity standards, including Thunderbolt 3 and 4
- 120cm length ideal for home, office, and travel setups

Unmatched Speed and Power

Engineered for maximum efficiency, this cable ensures lightning-fast charging and seamless data transfers. Whether you are editing high-resolution video or running resource-intensive applications, it maintains consistent performance without bottlenecks.

Superfast Charging with Instant Monitoring

With PD 3.1 support, the cable can handle up to 240W, powering even the most demanding devices in record time. The integrated LED display lets you see the real-time charging power, ensuring full visibility during use.

Built for Endurance

Crafted with a braided nylon jacket, reinforced metal alloy connectors, and an aramid fibre core, the cable is made to withstand daily wear and tear. Passing a 30,000-bend test, it offers long-term reliability while keeping peak performance intact.
