Beats Studio Buds + True Wireless Noise Cancelling Earbuds

- Up to 1.6x More
- Active Noise Cancelling
- Up to 36 Hours of Listening Time with Charging Case
- 3x Larger Mics for Crisp, Clear Calls
- Compatible with
- Apple & Android

Features:

Sound Quality - Powerful, Balanced Sound

Beats Studio Buds + deliver rich, immersive sound whether you're listening to music or taking calls.

Each bud is equipped with a custom two-layer transducer that flexes to deliver cleaner bass and ultra-low distortion.

Active Noise Cancelling

At the touch of a button, two dynamic listening modes let you choose whether to keep the world out or let it in. Active Noise Cancelling adapts to your personal fit, neutralizing unwanted external noise.

With 3x larger microphones, new venting, and a powerful processor, Beats Studio Buds + have up to 1.6x more Active Noise Cancelling power.

Transparency Mode

Transparency mode blends your listening experience with the world around you. External-facing microphones capture ambient sound to mix in with your music when you need to be aware of your surroundings.

Beats Studio Buds + has up to 2x improved Transparency.

Spatial Audio - Surrounds You in Sound

Beats Studio Buds + support spatial audio for immersive music - delivering a surround sound experience - that you can take anywhere.

It's like being surrounded by 64 speakers at once.

Fit - All-Day Comfort

With four ear tip options (XS, S, M & L) to fit a wider range of ears, Beats Studio Buds + create a comfortable acoustic seal for the best listening experience, securing your earbuds in place.

Battery - More Music, Less Charging

With up to 36 hours of total listening time from the sleek, pocket-sized charging case, Beats Studio Buds + are ready to go whenever you are.

When battery is low, Fast Fuel gives up to 1 hour of playback with a 5-minute charge.

Call Quality - Crystal Clear Calls

3x larger microphones, powerful ANC, and a voice-targeting algorithm precisely filter background noise for crisp, clear call performance.

Controls - At Your Fingertips

Simple, customizable on-ear controls allow you to manage music, toggle listening modes, take calls and activate voice assistant using the ' b' button.

Enhanced Apple & Android Compatibility - Easy to Use, Hard to Lose

Beats Studio Buds + offer a robust set of native Apple and Android features including: one-touch pairing, automatic switching, ' always on' voice assistance, and ' Find My.'
