Performance tier:Entry-level portable projector

Uses:Home cinema, presentations, classroom use, portable entertainment, movie nights

Overview:

The Acer Aopen QH15s (SKU : MR.JXV11.001) is a compact and powerful 720p LCD portable projector featuring 6,500 LED lumens (~180 ANSI), 1,000:1 contrast ratio, and a long-lasting LED light source rated up to 30,000 hours. It projects clear and vibrant images from 32" up to 100" diagonal, supports HD input via HDMI, USB media playback, Bluetooth audio, Wi-Fi screen mirroring, micro-SD playback, plus built-in 3 W speakers - all in a lightweight 0.62 kg housing with manual keystone correction and adjustable stand.

Description

The Acer Aopen QH15s is a compact smart portable projector designed for flexible viewing at home, work or on the move. Using LCD projection technology and a native 720p resolution, it produces detailed HD images suitable for movies, streaming content, presentations and personal media playback.

The projector delivers up to 180 ANSI lumens brightness with a long-lasting LED light source rated for up to 30,000 hours. Its wireless projection capability, Bluetooth audio support and built-in speaker provide convenient cable-free entertainment options.

With HDMI 1.4 connectivity, USB media playback, micro SD support and manual focus adjustment, the QH15s offers versatile compatibility with modern devices while maintaining a lightweight portable design.

Features:

Fire Legend QH15s

Project your world with the AOPEN Fire Legend QH15s smart projector. Enjoy your favorite shows and movies anywhere you go with this projector's integrated speakers, 180 ANSI lumens, and easy-to-use wireless projection.
