NBHP671R2AA

HP USB-C 65W Laptop charger

Product Overview

HP 671r2aa USB-C 65W Laptop charger, 65 W Output Power, 5V / 9V / 12V / 15V / 20V Output voltages, Connector Type is USB Type-C, Compatible with most USB-C devices, Includes AC Power Adapter and USB Type-C cable

Specifications

Overview Summary:

Stay powered up anywhere in South Africa with the HP 65W USB-C Laptop Charger (Part Number 671R2AA). This compact and lightweight power adapter delivers up to 65 watts, making it the perfect all-in-one solution for charging your laptop, tablet, or phone. Its smart power adaptation ensures efficient energy use across a wide range of USB-C devices, while the included cable and durable design make travel effortless.

Designed for convenience, this charger fits easily into any bag without adding unnecessary weight. Whether you are working from home or commuting, trust the HP 65W to keep your essential devices running smoothly. Don't wait until your battery dies; buy now and experience reliable power on the go.

Performance tier: High Efficiency

Uses: Laptop charging, tablet powering, phone charging, travel adapter, office workstation

Overview:

Upgrade your portable power setup with the HP USB-C 65W Laptop Charger, part number NBHP671R2AA. This versatile adapter is designed to charge most USB-C devices including laptops, tablets, and smartphones with a single compact unit. By delivering up to 65 W of output power, it intelligently adapts its voltage to provide the exact energy needed for your specific device, whether that requires 15W, 27W, 60W, or the full 65W capacity.

The charger is built for travelers and professionals who need reliable power without the bulk. With a lightweight design weighing just 210 g and compact dimensions of 97 x 53.5 x 21 mm, it fits easily into any bag or backpack. The durable construction includes smart cable management to keep your cords organized during commutes or business trips, ensuring you always have the power you need wherever you go.

Description:

The HP USB-C 65W Laptop Charger (NBHP671R2AA) is a universal charging solution that combines high performance with portability. It supports dynamic voltage output ranging from 5V to 20V, making it compatible with a wide array of modern electronics. This single adapter replaces the need for multiple chargers, reducing clutter and ensuring your devices are charged safely and efficiently.

Features:

Key Charging Capabilities

- Dynamically delivers 15W, 27W, 60W, or up to 65W of power based on device needs
- Supports output voltages of 5V, 9V, 12V, 15V, and 20V for maximum compatibility
- Features a USB Type-C connector compatible with most modern laptops and mobile devices
- Designed to be the only charger you need in your bag for travel or daily use

Technical Specifications:

- Output Power: 65 W maximum
- Input Frequency: 47-63 Hz
- Operating Current: 1.6 A at 90 VAC max
- Connector Type: USB Type-C
- Weight: 210 g (approx. 0.46 lbs)
- Dimensions: 97 x 53.5 x 21 mm

This charger operates within a temperature range of 0 to 35 degrees Celsius and can withstand storage temperatures from -20 to 85 degrees Celsius. It is engineered with safety in mind, meeting numerous international certifications including CE Mark, UL 60950-1, UL 62368-1, FCC Class B, and EN 55022 Class B compliance standards.

What's in the box

- HP AC power adapter (65W USB-C)
- USB Type-C cable
- 1 Power Cord
- Warranty Card

To use this charger, your system must have a USB Type-C port. The package dimensions are 97 x 75 x 237 mm with a total weight of 500 g including accessories. Whether you are working from home or traveling internationally, the HP NBHP671R2AA ensures your devices stay powered up safely and efficiently.

Specifications	
Product Code	NBHP671R2AA
Compatibility	Compatible with most USB-C devices
Input frequency	47-63 Hz
Input operating current	1.6 A at 90 VAC max
Output power	65 W
Output voltages	5V/9V/12V/15V/20V
Connector description	USB Type-C
Operating temperature range	0 to 35degreesC
Operating temperature range	32 to 95degreesF
Non-Operating Humidity Range	10 to 95% RH
Operating humidity range	20 to 95% RH (non-condensing)
Storage temperature range	-20 to 85degreesC
Storage temperature range	-4 to 185degreesF
Certifications and compliances	CE Mark , IEC 60950-1 , EN 60950-1 , UL 60950-1 , UL 62368-1 , SELV , C-UL-US , DENAN , EN 55022 Class B , FCC Class B , CCC , NOM-1 NYCE , NORDICS , CISPR 22 Class B , MTBF
Dimensions (W x D x H)	97 x 53.5 x 21 mm
Package dimensions (W x D x H)	97 x 75 x 237 mm
Weight	210 g
Package weight	500 g
Pallet weight	303.36 kg
Minimum System Requirements	USB Type-C port
What's in the box	cable , 1 Power Cord , Warranty Card

FAQ

What devices can the HP USB-C 65W Laptop Charger (671R2AA) power?
This charger is designed to work with most USB-C devices, including laptops, tablets, and phones. It features smart power adaptation that delivers up to 65W of output to charge big or small devices efficiently.

Does the package include all necessary cables for operation?
Yes, the box includes one AC power adapter, a USB Type-C cable, and one power cord. You will also receive a Warranty card with your purchase.

Will this charger fit easily into my travel bag?
Absolutely. Weighing only 210 grams and measuring just 97 x 53.5 x 21 mm, it is compact and lightweight enough to carry comfortably without adding significant weight.

What specific voltage outputs does this charger support?
The HP USB-C 65W Laptop Charger supports multiple output voltages of 5V, 9V, 12V, 15V, and 20V. This flexibility allows it to adapt its power delivery based on the requirements of your connected device.

What is required for my computer to use this charger?
The only system requirement is that your device must have a USB Type-C port. Once connected, the charger can operate within an ambient temperature range of 0degrees C to 35degrees C (32degrees F to 95degreesF).
