Overview:

Secure Your Notebook with a Compact Lock
Protect your valuable devices with the Microworld Notebook Lock, designed for laptops, Chromebooks, and ultrabooks. Its compact size ensures easy portability while delivering strong security for your workspace or on-the-go use.

Description:

The Microworld Notebook Lock combines durable materials with smart design for reliable protection. Crafted from zinc alloy and steel, it features a chrome/nickel plated finish that resists wear. The 1.8-meter cable allows flexible placement, while the 4-digit combination lock provides hassle-free access without keys. Compatible with nano-style slots found in HP Elitebook, Lenovo, and various Chromebook models, it offers both convenience and peace of mind.

Features:

Durable and Portable Design

This lock is built to last with a sturdy zinc alloy and steel construction. Its chrome/nickel plating enhances corrosion resistance, making it ideal for frequent travelers or office use. The compact 2.5 x 6mm slot fits modern ultra-thin notebooks seamlessly.

Flexible Cable for Secure Placement
The 5mm steel cable stretches up to 1.8 meters, giving you freedom to secure your device to desks, tables, or other stationary objects. Its flexible design allows easy use in crowded workspaces.

User-Friendly Combination Lock
Forget carrying extra keys. The 4-digit combination mechanism ensures that you can set and reset a personal code quickly, making it simple to lock and unlock your notebook while keeping it secure.

Compatibility with Popular Devices
Designed for nano-style slots, this lock works with HP Elitebook, Lenovo laptops, and most Chromebooks. Its slim slot ensures a snug fit without damaging your device.

Convenient Packaging
The Microworld Notebook Lock comes in a lightweight polybag, making it easy to store or carry with your laptop bag.
