Specifications

Overview Summary:

The Neat Bar Pro is a cutting-edge video collaboration system built for large meeting rooms, offering unmatched audio and video quality for seamless Zoom and Microsoft Teams meetings. With a 50MP camera, 16-microphone array, and powerful speakers, it ensures that every participant is seen and heard clearly, even in expansive spaces. The device supports triple screen setups, automatic people framing, and easy integration with your existing setup. Ideal for businesses looking to enhance their virtual collaboration experience, the Neat Bar Pro simplifies meetings and delivers professional-grade performance. Buy now and elevate your meeting room technology.

Performance tier:Premium

Uses: Video conferencing, remote meetings, team collaboration, virtual events, business presentations

Overview:

Neat Bar Pro: The Ultimate Video Collaboration System for Large Meeting Spaces

Neat Bar Pro is an advanced video collaboration bar designed for seamless Zoom and Microsoft Teams meetings. It combines high-quality audio and video in a sleek, simple design. Ideal for large meeting rooms, Neat Bar Pro delivers exceptional performance with triple screen support, a 50MP camera, and powerful sound. Whether you're hosting team meetings or virtual events, this device ensures a more immersive, professional experience for all participants.

Description:

Neat Bar Pro revolutionizes meeting spaces with its blend of cutting-edge technology and user-friendly features. Equipped with a 50MP camera system, Neat Bar Pro captures crystal-clear video, even in large rooms. It features dual high-resolution cameras with wide and telephoto lenses, a 16-microphone array, and advanced audio processing for flawless sound. Whether you're viewing content or interacting with colleagues, Neat Bar Pro ensures smooth, lifelike engagement in any virtual meeting environment.

Features:

Key Features and Benefits:

- Versatile Mounting Options: Neat Bar Pro supports a variety of installation configurations, including wall mounting, table stands, and screen mounts. It can even be used with three screens for an immersive viewing experience in Zoom meetings.
- Powerful Audio Performance: The built-in subwoofer, opposing drivers for vibration cancellation, and three full-range speakers deliver high-quality, stereo sound throughout your meeting space.
- Advanced Microphone Array: The 16-microphone beamforming array ensures clear voice pickup, while Neat Audio Processing eliminates issues like double talk and background noise, ensuring crystal-clear communication.
- Dual Camera System: Featuring wide and telephoto lenses, Neat Bar Pro offers 16x zoom and rapid image processing. This enables the camera to detect, zoom in, and track participants across the room, ensuring everyone is in clear view.
- Simple Setup and Integration: Setting up Neat Bar Pro is straightforward. It includes all necessary mounts and cables, and the Neat Pad controller makes adjusting the device's placement quick and easy.
- Certified for Zoom and Microsoft Teams: With official certifications, Neat Bar Pro is fully optimized for the most popular video conferencing platforms, guaranteeing compatibility and a seamless experience.

Flexible Installation and Mounting Options

Neat Bar Pro can be mounted on a table, wall, or screen, giving you flexibility depending on your meeting room setup. It supports up to three screens on Zoom, allowing you to display both participants and content in high definition. Mounting hardware is included in the box, so you have everything you need to get started.

Immersive Audio for Every Meeting

Equipped with a subwoofer and three full-range speakers, Neat Bar Pro ensures clear, direct sound throughout your space. The speaker system is designed to eliminate vibrations and provide balanced audio, enhancing the overall meeting experience.

Enhanced Microphone Array for Clear Communication

The 16-microphone array in Neat Bar Pro is strategically positioned in a pyramid shape to ensure optimal voice capture from all participants. With features like noise suppression and automatic gain control, it's ideal for large meeting rooms where sound clarity is essential.

16x Zoom for Dynamic Video Quality

Thanks to the dual cameras and advanced image depth sensor, Neat Bar Pro delivers impressive 16x zoom and lifelike image quality. Whether your participants are seated far from the camera or moving around the room, they will always be in sharp

focus.

Simple Setup and Seamless Integration

Setting up Neat Bar Pro is a breeze with its simple installation process. Mount it wherever you prefer-on the table, wall, or screen-and follow the easy instructions via the Neat Pad controller. The device automatically adjusts to your setup, ensuring optimal placement and video alignment.

Future-Ready Expansion

Neat Bar Pro is designed to evolve with your needs. Future software updates will allow for audio extensibility, enabling integration with other devices in your existing setup. You can also add more Neat Pad controllers for greater flexibility in managing your meeting space.

Conclusion

Neat Bar Pro is the perfect video collaboration system for large meeting spaces, offering high-definition video, crystal-clear audio, and seamless integration with Zoom and Microsoft Teams. Its user-friendly setup, flexible installation options, and future-proof design make it an excellent choice for businesses seeking to enhance their virtual meeting experience.
