

NET-TL-TAPO-RV20MAX

TP-link Tapo RV20 Max 5300Pa suction MagSlim LiDAR navigation Robot Vacuum and Mop

Product Overview

TP-Link Tapo RV20 Max 5300Pa suction MagSlim LiDAR navigation Robot Vacuum and Mop, 2600 mAh Battery capacity, 4h charging time, MagSlim LiDAR navigation, MagSlim LiDAR obstacle avoidance, 22 mm Barrier-Cross height, 17000Pa suction Power of Auto-Empty Dock, 5300Pa Max suction Power, 5 levels suction level adjustment, 300 ml dustbin capacity, H11 HEPA Filter, Wet Mopping, Electric Water Flow control Mopping Type, 3 levels Water level adjustment, 300 ml Water Tank capacity, 2.4GHz WiFi, Bluetooth

Specifications

Overview Summary:

Experience effortless cleaning with the TP-Link Tapo RV20 Max, a smart robot vacuum and mop designed for South African homes. Equipped with 5300Pa suction power, MagSlim LiDAR navigation, and precise wet mopping, it tackles dust, pet hair, and debris across all floor types. Customize your cleaning schedules, control the device with voice commands, and enjoy intelligent navigation that avoids obstacles and carpets in mopping mode. Buy now to simplify your home cleaning routine and maintain spotless floors with minimal effort.

Compact and ultra-slim at 83mm, the Tapo RV20 Max easily reaches under furniture, while its auto-empty dock ensures hands-free convenience. With adjustable suction and water flow levels, plus HEPA filtration, it delivers a thorough clean every time. Shop now and bring smart automation to your home.

Performance tier:High-end

Uses:Floor vacuuming, wet mopping, pet hair removal, dust cleaning, multi-floor home automation

Overview:

Tapo RV20 Max Robot Vacuum and Mop

5300Pa Suction with MagSlim LiDAR Navigation

Experience effortless cleaning with the Tapo RV20 Max, a smart robot vacuum and mop that combines powerful suction, intelligent navigation, and precision mopping to keep your home spotless.

Description:

The Tapo RV20 Max is equipped with 5300Pa suction power, ultra-slim design for hard-to-reach areas, and MagSlim LiDAR navigation for precise mapping and obstacle avoidance. It features customizable cleaning schedules, multi-floor mapping, wet mopping with adjustable water flow, and compatibility with Amazon Alexa and Google Assistant for voice control. With its advanced sensors and intelligent algorithms, it ensures efficient cleaning on all surfaces while avoiding carpets in mopping mode and automatically returning to recharge when needed.

Features:

Powerful Suction for Deep Cleaning

The Tapo RV20 Max delivers an ultra-powerful 5300Pa suction, effectively picking up dust, pet hair, crumbs, and debris from

ComX Computers

Product Specification Sheet

all floor types. With multiple suction levels and an advanced main brush design, it achieves a dust pickup rate of over 97% while maintaining smooth airflow for a thorough, clog-free clean.

Slim Design for Hard-to-Reach Areas

At just 83mm tall, this robot vacuum easily slides under sofas, beds, and cabinets. Its low-profile design ensures that hidden dust and debris in tight spaces are not missed.

Advanced MagSlim LiDAR Navigation

- Fast, accurate mapping with millimeter-level precision
 - Efficient path planning to reduce repeated cleaning
 - Smooth navigation under furniture and around obstacles
- MagSlim LiDAR technology allows the robot to plan intelligent cleaning routes and detect low obstacles such as slippers and toys, preventing collisions.

Smart Cleaning Technology

Powered by Tapo IQ+ Smart, the RV20 Max uses multiple sensors and algorithms to deliver reliable cleaning results. Key functions include:

- Obstacle avoidance to navigate furniture and toys
- Anti-drop protection to prevent falls from stairs
- Smart recharge and resume, automatically continuing where it left off
- Quick 15-minute mapping to start cleaning immediately

Wet Mopping with Adjustable Water Flow

The Tapo RV20 Max offers wet mopping to remove sticky messes and polish hard floors. It has a 300ml water tank and three adjustable water levels, allowing you to customize cleaning intensity based on floor type. Carpeted areas are avoided in mopping mode to protect your rugs.

Seamless Carpet Cleaning

Specialized carpet settings enhance cleaning efficiency:

- Suction boost for deep dirt removal
- Customizable cleaning parameters for different carpets
- Smooth transitions over thresholds up to 22mm

Comprehensive Mapping and Control

- 3D house mapping for a complete overview of your home
- Supports 4 multi-floor maps for homes with multiple levels
- Map locking to prevent accidental remapping
- Zone and room cleaning for precise focus
- Personalized schedules for routine cleaning

Hands-Free Operation with Voice Control

Compatible with Amazon Alexa and Google Assistant, the RV20 Max allows you to control cleaning through simple voice commands. Set schedules, start cleaning, or target specific rooms—all without touching the app.

Why Choose Tapo RV20 Max

With its combination of ultra-powerful suction, MagSlim LiDAR navigation, smart sensors, and customizable mopping, the Tapo RV20 Max ensures your home stays clean with minimal effort. Perfect for pet owners, busy households, and anyone who values a spotless living space with smart, automated technology.

Specifications

Product Code	NET-TL-TAPO-RV20MAX
Battery Capacity	2600 mAh
Charging Time	4h
Recharge & Resume	Yes
Mapping/Path Planning	MagSlim LiDAR Navigation
High-Precision Map	Yes
Obstacle Avoidance	MagSlim LiDAR
Barrier-Cross Height	22 mm/0.87 in
Anti-Drop Protection	Yes
Auto Dust Collection	Yes
Suction Power of Auto-Empty Dock	17000Pa
Max Suction Power	5300Pa
Suction Level Adjustment	5 levels
Dustbin Capacity	300 ml
Dustbin Detection	Yes
HEPA Filter	H11
Noise	52 dB (Quiet Mode)
	55 dB (Default/Standard)
Carpet Boost	Yes
Wet Mopping	Yes
Mopping Type	Electric Water Flow Control
Water Level Adjustment	3 levels
Water Tank Capacity	300 ml
Real-Time Tracking	Yes
Multi-Floor Mapping	Yes
Scheduled Cleaning	Yes
Virtual Walls	Yes
No-Go Zones	Yes
Zone Cleaning	Yes
Product Dimensions	Robot Vacuum: Ø330 x 83 mm (Ø13 x 3.3 in)

ComX Computers

Product Specification Sheet

Package Content	Robot Vacuum Cleaner x 1 (Includes HEPA Filter x1 and Side Brush x1)
	Charging Dock x 1
	Mopping Attchament x 1
	Power Cord x 1
	Cleaning Brush x 1
	User Manual
Wireless Connection	IEEE 802.11 b/g/n, 2.4 GHz band only
	Bluetooth 4.2 (only for onboarding)
Rated Input Voltage	100-240 VAC, 50/60 Hz
Max Charging Power Consumption	10 W (DC20 V 500 mA)
Max Working Power Consumption	Robot Vacuum: 45W
Child & Pet Lock	Yes
Works with Google Home	Yes
Works with Amazon Alexa	Yes
