PC Builder Core i7-13700KF 16-Core 2.5GHz LGA1700 GeForce RTX 3070 1TB Gen4 NVMe SSD iCUE 4000X RGB ATX Gaming PC with Windows 11

Product Overview

PC Builder, Intel Core i7-13700KF 16-Core 2.5GHz LGA1700 (Up to 5.4GHz), MSI GeForce RTX 3070 Graphics Card, MSI Z690 Chipset Intel LGA1700 ATX Motherboard, 32GB DDR4 3600MHz Gaming Memory, 1TB Gen4 NVMe SSD, Corsair iCUE 4000X RGB ATX Gaming Chassis, Microsoft Windows 11

Specifications

Overview:

Stay on top of the podium with the PCBuilder Intel i7 13700KF FRONT RUNNER Windows 11 Gaming PC. This pre-built gaming PC is powered by a 13th-generation Intel Core i7-13700KF CPU. It also comes with an MSI Z690 chipset motherboard, 32GB of high-speed DDR4 memory, an NVMe SSD and a 750W power supply.

This Intel i7 Pre-built PC has everything you need to stay ahead of the pack and is a great way to enjoy games in high detail. Better yet, with Microsoft Windows 11 already installed, you can also run the latest versions of all your apps with more features and better security. The FRONT RUNNER also features an MSI GeForce RTX 3070 Graphics Card and is powerful enough to enjoy your favourite games.

The FRONT RUNNER features the latest Intel 13th Generation Series CPU and DDR4 memory, which will ensure that every task gets completed quickly and efficiently. With 16 cores and 32GB of DDR4 memory, no task is too much for it to handle. Data can be transferred and applications can be loaded at lightning-quick speeds thanks to the included NVMe SSD.

All the components are held together with a high-performance MSI LGA1700 Motherboard with Lightning Gen 5 support. MSI motherboards deliver an efficient and productive experience with stable functionality and high-quality assembly. Everything is protected and shown off inside the Corsair iCUE 4000X RGB ATX Gaming Chassis with its modern design and tempered glass. The gaming chassis comes equipped with a semi-transparent tempered glass panel and a streamlined body with a dark tempered glass front design.

This pre-built gaming PC also comes with a Corsair Membrane RGB Wired Gaming Keyboard, Mouse and Mouse Pad to get you started. The Corsair Membrane RGB Wired Gaming Keyboard lights up your desktop with five-zone dynamic RGB backlighting and powers up your gameplay with six dedicated macro keys. Experience a lightweight design and heavy-weight performance with the Corsair Ultra-Light RGB Wired Gaming Mouse, weighing in at just 69g with a compact symmetric shape

and a precision 12,400 DPI optical sensor. The Corsair Spill-Proof Large Gaming Mousepad provides an optimized 930mm x 300mm surface for your gaming mouse with a spill-resistant coating.

The FRONT RUNNER comes installed with Windows 11 which has easy-to-use tools that can help you optimize your screen space and maximize your productivity. It features great tools like Microsoft Edge, the new and improved Microsoft Store, and Snap Layouts to arrange your open windows into grids, Desktops for better organization, as well as Widgets. Gaming is also now easier than ever, simply turn on your PC & start playing your favourite games straight away.

Play over 100 high-quality PC games, plus new and upcoming blockbusters on day one like Halo Infinite, Forza Horizon 5, and Age of Empires IV with your new FRONT RUNNER Gaming PC and one month of Xbox Game Pass-including EA Play. With new games added all the time, there's always something new to play.

Windows Security also offers advanced protections to defend against today's ever-changing cyber threats. This includes device encryption, find my device, firewall and network protection, internet protection, parental controls, secure boot, and Windows Hello among other features.
