

PCPOWDL

UniQue Dedicated 3-pin plug to Dual IEC C13 Head 1.8m Power Cable

Product Overview

UniQue Dual Head 1.8m Power Cable - power solution featuring a grounded 3-prong South African plug on one end and two IEC (kettle plug) outputs on the other. It allows users to connect multiple devices, such as computers and monitors, from a single power source. With a 220-watt rating, it is suitable for SLI and multi-rail power supply setups | Cable type: 220V, 230V, 240V Power distribution cable | Cable configuration: Dedicated 3-pin South African SANS 164-1 plug to 2 x IEC C13 female connectors | Cable length: 1.8m | Maximum rating: 250V 10A | Also referred to as: dual IEC splitter cable, SA plug to dual kettle plug cable, multi-device power cable, PC/monitor power distribution lead

Specifications

About this product

The UniQue PCPOWDL Dual Head 1.8m Power Cable provides a reliable power solution for multiple devices, featuring a grounded 3-prong South African plug and dual IEC outputs. Rated at 220 watts, it supports computers, monitors, and multi-rail power setups, delivering safe and stable energy from a single source.

Overview Summary

Product Title:UniQue PCPOWDL Dual Head 1.8m Power Cable

The UniQue PCPOWDL Dual Head 1.8m Power Cable is designed to simplify power management for your devices. Its 3-prong South African plug ensures grounded and secure connectivity, while the two IEC outputs allow multiple devices, such as computers and monitors, to be powered simultaneously. Perfect for home offices, professional setups, and SLI or multi-rail power supply configurations.

This 220-watt rated cable guarantees stable performance, making it suitable for demanding electronics. Its 1.8-meter length provides flexibility in positioning devices without compromising safety or efficiency. Built to strict quality standards, it ensures long-lasting reliability and protection against power interruptions.

Performance tier:Mid-range

Uses:Computer setups, Monitor connections, SLI configurations, Multi-rail power supply, Home office devices

Overview

The UniQue Dedicated Dual Head Power Cable is a versatile power solution featuring a grounded 3-prong South African plug

on one end and two IEC (kettle plug) outputs on the other. It allows users to connect multiple devices, such as computers and monitors, from a single power source. With a 220-watt rating, it is suitable for SLI and multi-rail power supply setups. The cable's 1.8-meter length ensures flexibility in placement.

Description

The UniQue PCPOWDL Dual Head 1.8m Power Cable combines functionality and safety in a compact design. Its grounded South African 3-prong plug provides secure connection to wall outlets, while the dual IEC outputs support simultaneous power for multiple devices. Ideal for computers, monitors, and setups requiring multi-rail power distribution, this cable ensures each device receives stable electricity. Its 220-watt capacity accommodates mid-range power demands efficiently, making it perfect for professional and home office environments. Durable construction and high-quality materials guarantee longevity and protection against electrical surges.

Features

Key features of the UniQue PCPOWDL Dual Head 1.8m Power Cable include:

- Grounded 3-prong South African plug for safe and secure connection
- Dual IEC (kettle plug) outputs to power multiple devices from one source
- 220-watt capacity suitable for computers, monitors, and SLI or multi-rail setups
- 1.8-meter cable length for flexible device placement
- Durable construction for long-lasting performance and safety
- Compact and reliable design for professional and home use

What's in the Box

- 1 x UniQue PCPOWDL Dual Head 1.8m Power Cable
- User guide / safety instructions

Specifications

- Cable length: 1.8 meters
- Input plug: Grounded 3-prong South African plug
- Output connectors: 2 x IEC (kettle plug)
- Power rating: 220 watts
- Compatible devices: Computers, Monitors, Multi-rail PSUs, SLI setups
- Voltage: 220-240V AC
- Safety: Grounded, surge-resistant design
- Color: Black
- Material: Durable insulated copper wiring

FAQ

Can I use the UniQue PCPOWDL cable for multiple monitors?

Yes, the dual IEC outputs allow you to connect two monitors or other compatible devices simultaneously from a single power source.

Is this power cable safe for SLI or multi-rail setups?

Yes, it is rated at 220 watts and designed to handle mid-range power requirements, making it suitable for SLI and multi-rail power supply configurations.

What is the maximum cable length?

The UniQue PCPOWDL Dual Head cable measures 1.8 meters, providing sufficient length for flexible device placement in offices or homes.

Does it have a grounded plug?

Yes, the cable features a 3-prong grounded South African plug to ensure safe and secure connection to wall outlets.

Which devices are compatible with this power cable?

The cable is compatible with computers, monitors, multi-rail PSUs, and other devices that accept IEC connectors.
