Product Overview

Adata XPG Infraex R10 RGB Mousepad, with RGB switch button for different lighting effects, 7 colors with 3 modes (mono/ breathing/ cycling), rugged PVC surface with scratch-resistance - 350x250x3.6mm

Specifications

Overview:

Every epic battle needs an equally grand arena! The INFAREX R10 gaming mousepad boasts unique RGB lighting effects, which can switch between lighting modes simply by tapping the switch button on the mousepad. The rugged PVC surface is resistant to scratches and abrasion, which means users can move the mouse easily and quickly with complete peace of mind. With the precision offered by the INFAREX R10, the outcome of every battle will never be in doubt!

Features:

RGB Lighting Effects

The INFAREX R10 comes with three different lighting modes: mono-colored lights (7 colors to choose from), cycling lights, and pulsing lights. Gamers can configure their experiences according to their own personal preference, to help them get in the zone and defeat every enemies.

Durable and Scratch-Resistant

The INFAREX R10 is made of tough, scratch-resistant PVC, allowing it to be used on a variety of surfaces. The mousepad itself has the perfect amount of friction, so users can move the mouse with maximum precision, thus ensuring that they will never be at a disadvantage on the battlefield.

Anti-Slip Rubber Feet on the Base

The underside of the INFAREX R10 is made of high-quality silicone rubber, which provides the mousepad with superior grip on the surface underneath. This means it will not shift or slide even when the user makes large mouse movements, thereby providing unparalleled precision at all times.

Gold-Plated USB Connector for a Stable Signal

The INFAREX R10 is equipped with a gold-plated USB connector, which ensures the stability of the signal for the RGB effects, even in the heat of battle. This ensures uninterrupted ambiance for the user no matter how ferocious the fight gets.
