

PXN-V10ULTRA

PXN V10 Ultra 270/900 degrees 3.2nm Direct Drive USB Steering Wheel with hall effect Dual pedals

Product Overview

PXN V10 Ultra 270 / 900 degrees 3.2nm Direct Drive USB Steering Wheel with hall effect Dual pedals, USB Wired connection, 3.2nm Direct Drive motor, Hall effect sensors in the pedals for accurate Input

Specifications

Overview Summary:

The PXN V10 Ultra brings professional-grade sim racing to your home setup in South Africa. Equipped with a 3.2Nm direct drive motor and Hall effect pedals, this wheel delivers precise force feedback for an immersive driving experience. Seamlessly compatible with PC, PS4, and Xbox, it ensures smooth, responsive control in every racing session. Shop now to elevate your racing simulations and feel every nuance of the road.

Designed for serious gamers, the PXN V10 Ultra adapts to your style with adjustable steering angles from 270degrees to 900degrees, letting you switch effortlessly between arcade and simulation racing. Its durable build and intuitive USB connection make setup effortless. Buy now and transform your gaming setup into a true racing cockpit.

Performance tier:High-end

Uses:Sim racing, competitive gaming, driving simulation, racing practice, gaming setup enhancement

Overview:

Experience Realistic Racing with the PXN V10 Ultra Direct Drive Steering Wheel

Step into the ultimate sim racing experience with the PXN V10 Ultra. Designed for gamers who demand precision and immersion, this direct drive steering wheel delivers unparalleled force feedback, making every turn and road surface feel lifelike. Paired with Hall effect pedals and adjustable steering angles, the PXN V10 Ultra transforms your gaming setup into a professional-grade racing cockpit compatible with PC, PlayStation 4, and Xbox consoles.

Description:

The PXN V10 Ultra 270 / 900 degrees 3.2Nm Direct Drive Steering Wheel combines powerful performance with precise control. Its 3.2Nm direct drive motor provides immediate and detailed force feedback, while Hall effect sensors in the pedals ensure consistent and accurate throttle and brake inputs. Adjustable steering angles between 270degrees and 900degrees allow for both arcade-style and realistic racing experiences. Durable construction and USB wired connectivity guarantee stability and seamless integration across PC, PS4, and Xbox platforms.

Features:

Direct Drive Motor for Immersive Feedback

At the core of the PXN V10 Ultra is a 3.2Nm direct drive motor. This setup eliminates gears and belts, delivering a direct connection from game to wheel. Gamers feel every nuance of the track-from subtle surface vibrations to intense cornering forces-creating a truly immersive racing experience. The precise feedback enhances control and makes every maneuver more intuitive and responsive.

Hall Effect Pedals for Accurate Input

The PXN V10 Ultra pedals feature Hall effect technology, using magnetic sensors instead of traditional contact mechanisms. This provides unmatched accuracy, consistent input over time, and exceptional durability. Throttle and brake responses are smooth and reliable, allowing precise control for acceleration, braking, and delicate driving maneuvers.

Adjustable Steering for Different Racing Styles

Switch between 270degrees for fast, arcade-style racing and 900degrees for realistic simulation. The PXN V10 Ultra adapts to various racing scenarios, offering a tailored driving feel whether navigating tight tracks or performing high-speed overtakes. This versatility ensures a more engaging and dynamic racing experience.

Wide Compatibility Across Platforms

The PXN V10 Ultra supports PC, PlayStation 4, and Xbox One/Series X/S consoles via a USB wired connection. This broad compatibility lets gamers invest in a single high-performance wheel that works seamlessly across their favorite platforms. Setup is simple and plug-and-play ready for immediate racing action.

Designed for Serious Gamers

The PXN V10 Ultra combines ergonomic design, robust construction, and long-lasting performance. Its solid build supports extended racing sessions, while thoughtful placement of pedals and wheel ensures comfort and precise control during intense gameplay.

Key Benefits at a Glance:

- Powerful 3.2Nm direct drive motor delivers true-to-life road feedback
- Hall effect pedals provide precise and consistent brake and throttle input
- Adjustable steering angles (270degrees / 900degrees) for different racing experiences
- Compatible with PC, PS4, Xbox One, and Xbox Series X/S consoles
- Durable and ergonomic design built for extended gameplay
- Reliable USB wired connection ensures stable performance

Technical Details

- Model: V10 Ultra
- Connection Method: USB Wired
- Operating Voltage: DC24V, 5V (USB)
- Operating Current: 2A, <= 500mA (USB)
- Operating Temperature: 10-40degreesC
- Operating Humidity: 20-80%
- Color: Black
- Steering Wheel Dimensions: 27 x 28 x 24.9 cm
- Steering Wheel Weight: 3500g
- Pedal Dimensions: 35 x 34.2 x 22.4 cm
- Pedal Weight: 2943g
