Specifications

About this product

The **Philips OneBlade Face Trimmer 5-in-1** delivers precision trim, edge and shave performance with contour-following technology and a dual protection system, offering comfortable grooming with a 5-in-1 adjustable comb, rechargeable Ni-MH battery and USB-A charging for versatile daily use. Ideal for shaping stubble, trimming beards and refining edges with ergonomic handling and wet or dry use.

Overview Summary

Philips OneBlade Face Trimmer 5-in-1 Adjustable Comb is a versatile grooming tool designed for everyday precision trimming, edging and shaving of facial hair. Featuring contour-following technology with a dual protection system and original blade, it minimizes skin irritation while delivering smooth results. The ergonomic grip and compact design make it easy to handle and use for all grooming needs.

This trimmer comes with a 5-in-1 adjustable comb and a rechargeable Ni-MH battery that provides up to 45 minutes of runtime after an 8-hour USB-A charge, allowing convenient cordless operation. Whether grooming wet or dry, it offers consistent performance with a max power consumption of 0.5 W and USB-A adaptor type charging.

Built for adaptability, the Philips OneBlade supports wet and dry use and is fully washable under running water for easy cleaning, making daily grooming simple and efficient. Recommended blade replacement every 4 months keeps performance optimal.

Performance tier: Everyday grooming

Uses: trim beard, shape edges, shave facial hair, precision stubble, wet or dry grooming

Overview

The Philips OneBlade is a revolutionary new hybrid styler that can trim, shave and create clean lines and edges, on any length of hair. Forget about using multiple steps and tools. OneBlade does it all.

Description

The Philips OneBlade Face Trimmer 5-in-1 is engineered for users seeking a multifunctional grooming device that effortlessly trims, edges and shaves facial hair with precision. Equipped with innovative contour-following technology and a dual protection system, it guards sensitive skin while maintaining efficient cutting performance. The original blade works with the adjustable comb to offer varied trimming lengths, making it suitable for different beard styles and stubble lengths.

Powered by a rechargeable Ni-MH battery, the unit delivers up to 45 minutes of runtime after a full 8-hour USB-A charge. Its ergonomic grip ensures comfortable handling, while the washable design supports easy maintenance. The trimmer supports both wet and dry use, allowing flexibility whether in the shower or at the sink.

Features

Discover the key features and benefits of the Philips OneBlade Face Trimmer:

- 5-in-1 adjustable comb lets you choose trimming lengths with precision.
- Dual protection system enhances comfort and reduces skin irritation.
- Rechargeable Ni-MH battery delivers up to 45 minutes of runtime after full charging.
- USB-A charging allows convenient power with common adapters.
- Wet and dry use supports versatile grooming routines.
- Ergonomic design ensures easy handling and control.

Unique OneBlade Technology

Philips OneBlade has a revolutionary technology designed for facial grooming. It can shave any length of hair. Its dual protection system - a glide coating combined with rounded tips - makes shaving easier and comfortable. Its shaving technology features a fast-moving cutter (12000x per min) so it's efficient - even on longer hairs.

3 click-on stubble combs (1, 3, 5mm)

Trim your beard to a precision stubble length with one of the included 3 stubble combs. 1mm for a 5 o'clock, 3mm for a tight trim, and 5mm for a long stubble.

Edge it up

Create precise edges with the dual-sided blade. You can shave in either direction to get great visibility and see every hair that you're cutting. Line up your style in seconds!

Shave it off

OneBlade doesn't shave as close as traditional blade - so your skin stays comfortable. Go against the grain and shave off any length of hair easily.

Dual-sided blade: designed for precision and control

OneBlade follows the contours of your face, allowing you to easily and comfortably trim and shave all areas. Use the dual-sided blade to style your edges and create clean lines by moving the blade in any direction.

Charge anytime, anywhere

Can be charged at home or on the road, perfect for your daily routine and for travel.

Blade that doesn't fade easily

Durable stainless steel blade that lasts up to 4 months of use* to keep that fresh feel. When the replacement indicator - eject icon - will appear on the blade, the blade performance may no longer be optimal. It is time to consider changing the blade for the best shaving experience.

Fully waterproof

OneBlade is fully waterproof, so it is easy to clean: just rinse it under the tap. You can shave wet or dry, even in the shower - whichever you prefer. No shaving foam needed.

ComX Computers

Product Specification Sheet

Long lasting battery

Rechargeable NimH battery delivers 45 minutes of constant shaving power after an 8 hour charge.

What's in the Box

- Philips OneBlade Face Trimmer 5-in-1
