Lenovo Think Centre Edge 72 Intel Pentium G645 Tower PC

Product Overview

Lenovo ThinkCentre Edge 72 Tower, Intel Pentium G645 Processor - 3M Cache, 2.90 GHz, 2 GB DDR3 Memory (RAM) +1 slot free, 500GB - 7200rpm Hard drive, Integrated DVD+-RW drive.

Specifications

Overview

Whether you manage a home office or a mid-sized business, the ThinkCentre Edge 72 desktop is an excellent choice for everyday computing. From its productivity features to its multiple display support - which makes multitasking a breeze - the ThinkCentre Edge 72 helps you keep your business running smoothly and efficiently.

Features

RapidBoot Performance

Lenovo's exclusive RapidBoot HDD Accelerator dramatically reduces startup time by copying and compressing Windows boot files and reloading them to RAM.

Multi-Display Support

ThinkCentre Edge 72 natively supports two independent displays - and permits up to four displays on models with discrete

graphics.

System Stability

Proprietary software ensures system stability, simplifies maintenance, makes it easier to recover data when necessary, and manages your passwords.

Hardware Security

The Kensington Lock port makes maintaining asset security a snap.

Enhanced graphics

Enjoy rich screen resolution and vivid graphics - and view data across as many as four screens -with the optional AMD dual-port graphics card.

View Management Utility

Multitask with ease and maximize your productivity with the ThinkCentre Edge 72's View Management Utility. The VMU creates up to four partitions on a single display - it's like using multiple monitors in one.

WiFi, Bluetooth

With 802.11 b/g/n WiFi connectivity and optional Bluetooth® 4.0, you'll be able to connect seamlessly with your network and other devices.

Energy Efficient

Save on energy costs and help the environment with the ThinkCentre Edge 72's Cisco EnergyWise-certified Desktop Power Manager.

Data Transfer

The ThinkCentre Edge 72's 6 USB ports give you plenty of ways to transfer data and connect other devices.
