Redragon AMD Ryzen 3 3200G GTX1650 480GB SSD8GB DDR4 2666 Gaming PC prebuild

Product Overview

Redragon AMD Ryzen 3 3200G GTX1650 480GB SSD8GB DDR4 2666 Gaming PC prebuild

Specifications

Overview:

Embark on your gaming journey with the Redragon RONIN Ryzen 3 AMD Gaming PC. Set out on an epic adventure with this pre-built gaming rig, designed to handle games at 1080p. This more than capable companion has everything you need to complete your quest. No matter where your journey takes you, the RONIN is a great addition to your party. As part of our new Battle Ready Series, the RONIN is a great way to start your adventure.

The RONIN is powered by an AMD Ryzen 3 Quad Core CPU, capable of handling multiple tasks efficiently. The MSI Nvidia Geforce GTX 1650 Super Graphics Card will slice through your opposition with ease. Thanks to the high-speed Ballistix Gaming Memory, your desktop will be prepared for anything. Every warrior needs armor and what better protection than the stylish and sleek looking exterior of the Redragon Diamondstorm Chassis. To give you even more of an edge in battle the RONIN comes equipped with a 600W Antec power supply and 480GB Crucial SSD.

Every adventurer knows that a good foundation can reap great rewards. The RONIN features a MSI B450M motherboard that compliments the rest of your components and allows you to upgrade without having to change your entire battle strategy. This durable and reliable motherboard supports 3rd Gen AMD Ryzen CPUs and DDR4 memory up to 3466 MHz(OC), making it very formidable.

Features:

- The Redragon RONIN Ryzen 3 AMD Gaming PC is made for the Entry-level Gamer
- Colour your world with the vibrant Redragon Diamondstorm Pro ATX ARGB Gaming Chassis
- Quad Core AMD Ryzen 3.6GHz CPU with boost clock of up to 4.0GHz
