Specifications

Features:

You need to see it to believe it

Samsung SUHD TV with Nano Crystal technology provides more colours, contrast and brightness than previous Samsung TV models, for images that are stunning and detailed.

Simple, seamless interaction

Browse great content options from the Smart Hub while watching the action on the main screen. Choose between apps, live TV, recently accessed or recommended content, and select with a single click on your remote.

Beautiful Ultra HD

With four times the pixels of Full HD TV, Samsung UHD TV has the potential to deliver incredible detail, superb contrast and vibrant, intense colour.

Fast and fabulous

Powered by the Octa-Core Processor, apps and menus load quickly so you can search, find and enjoy what you want with speed.

See detail in dark scenes

Experience deep, nuanced black levels from Precision Black Pro, and detail in dark scenes.

Small screens to big screens

Use your existing Wi-Fi network to play content from compatible mobile devices to the big screen, and to mirror the display of your compatible mobile device on the TV screen.

Discover the home of Samsung

Read all the latest on Samsung entertainment, and get fast facts for TV and audio products!
