Specifications

Overview Summary:

The Samsung WA75D 75-inch 4K Android interactive whiteboard brings your classroom or office presentations to life. With its ultra-clear 4K display, vibrant color reproduction, and multi-touch functionality supporting up to 40 touchpoints, collaboration has never been easier. The built-in audio and extensive connectivity options ensure seamless integration with your devices, making it perfect for interactive learning or corporate meetings. Shop now to upgrade your teaching or presentation setup with this reliable and engaging display.

Built for South African schools and offices, the WA75D offers EDLA certification, anti-glare technology, and enhanced durability for a comfortable and long-lasting user experience. Its Android OS 13 interface allows easy access to Google apps and smart screen sharing for up to nine devices simultaneously, making learning and presentations more interactive. Buy now to enhance productivity and engagement instantly.

Performance tier:Premium

Uses:Education, corporate meetings, presentations, collaborative learning, digital classrooms

Overview:

Samsung WA75D 75-Inch 4K Android Interactive Whiteboard

The Samsung WA75D is a 75-inch Android-powered interactive whiteboard designed to elevate collaboration and learning in classrooms and corporate settings. Featuring a 4K UHD display with a resolution of 3840x2160 pixels, it delivers crisp visuals and vibrant colors, making every presentation, lesson, or meeting engaging and immersive.

Description:

This interactive whiteboard combines Android OS 13, multi-touch functionality, and extensive connectivity options to provide a seamless collaborative experience. With up to 40 touchpoints, built-in audio, and high brightness and contrast levels, the WA75D ensures clear visuals and sound for every user. Its EDLA certification makes it ideal for educational environments, while smart screen-sharing capabilities and enhanced durability support diverse learning and working conditions.

Features:

Key Features and Benefits:

- 4K UHD Display: 75-inch screen provides detailed, lifelike visuals for presentations and lessons.

ComX Computers

Product Specification Sheet

- Android OS 13: Access educational and productivity apps directly on the whiteboard for versatile use.
- Multi-Touch Functionality: Supports up to 40 simultaneous touchpoints for collaborative engagement.
- High Brightness and Contrast: 400 cd/m² brightness and 1200:1 contrast ratio deliver clear images in various lighting conditions.
- Integrated Audio: Built-in 15W x 2 speakers provide quality sound without external devices.
- Extensive Connectivity: HDMI, USB-C, VGA, OPS, Wi-Fi, and LAN enable easy device integration.
- EDLA Certification: Meets educational standards for schools and training centers.

Unlimited Learning Possibilities

The WA75D belongs to Samsung's Interactive Display WAD series, designed to enhance educational experiences. Its Android-based interface is intuitive and familiar, allowing users to download apps from Google Play or use pre-installed tools like YouTube and Chrome to maximize productivity.

Intuitive User Experience

The Android-powered whiteboard is compatible with other Android devices, featuring widgets and a customizable home screen. This flexibility helps create a tailored learning environment that fits various teaching and collaboration needs.

Effortless Access to Google Services

With EDLA certification, the WA75D seamlessly integrates with Google services, including Google Play, YouTube, and Google Classroom. This simplifies lesson planning, boosts productivity, and enhances communication between teachers and students.

Smart Wireless Screen Sharing

Screen mirroring is supported for up to nine devices, including iOS, Mac, Windows, Android, and Chrome OS. This feature encourages active participation by allowing students or team members to share content directly to the display while maintaining engagement on individual devices.

Enhanced Eye Care

The WAD series protects users' eyes with an anti-glare panel, low blue light, and flicker-free technology. These features reduce eye strain and minimize reflections, even in bright environments.

Durable and Reliable for Any Environment

The WA75D is built for long-term use, featuring a ceramic fuse and 500V DC capacitor to protect against electrical surges. Anti-humidity glue ensures reliability in high-humidity or rainy conditions, making it a robust solution for schools and offices in challenging climates.

Note: OPS module is sold separately. The cloud-based DMS solution is included free for one year, with optional on-premise DMS for local network flexibility. App availability and UX/UI images may vary.
