Performance tier: Mid-range

Uses: File storage, data backup, file transfers, photo storage, video storage, document storage

Overview:

SanDisk Ultra 1TB USB 3.0 Flash Drive
The SanDisk Ultra 1TB USB 3.0 Flash Drive provides high-capacity portable storage for photos, videos, documents, music and other important files. With USB 3.0 connectivity and read speeds of up to 130MB/s, it offers a practical way to transfer large files quickly while keeping your data accessible wherever you go.

Description:

The SanDisk Ultra USB 3.0 Flash Drive combines generous 1TB storage with fast file transfer performance in a compact black design. It is suitable for backing up important files, moving large media collections between computers and freeing up storage space on your PC or laptop.

With transfer speeds of up to 130MB/s, large files can be moved significantly faster than with standard USB 2.0 flash drives. The USB Type-A connection also makes the drive a convenient choice for computers and other compatible devices that support this connector.

The compact design makes the SanDisk Ultra easy to carry in a pocket, laptop bag or handbag. Files can be accessed without an Internet connection, making it useful for work, home, travel and everyday data storage.

Features:

Fast USB 3.0 File Transfers
The SanDisk Ultra 1TB flash drive delivers sequential read performance of up to 130MB/s. This allows users to transfer large files more efficiently and spend less time waiting for data to copy. Compared with standard USB 2.0 drives, USB 3.0 technology can provide transfer speeds up to ten times faster under suitable conditions.

A full-length video can be transferred in less than a minute in supported conditions, making the drive well suited to large media files and regular backups.

1TB Portable Storage for Large Files
With 1TB of storage capacity, there is plenty of room for large collections of digital content. Store important documents, high-resolution photographs, videos, MP3 files, presentations and graphic projects on one portable drive.

Key storage and connectivity details include:

- Storage capacity: 1TB
- Interface: USB 3.0
- Connector: USB Type-A
- Sequential read speed: Up to 130MB/s

- Colour: Black
- Model number: SDCZ48-1T00-G46

Compact Design for Everyday Use
The sleek black SanDisk Ultra USB 3.0 Flash Drive is designed for portability. Its compact size makes it easy to take between home, the office, school or other locations without relying on an Internet connection to access stored files.

Whether you need additional storage for a laptop or a convenient way to carry files between computers, this USB flash drive offers a straightforward storage solution.

Password Protection for Private Files
The drive supports password protection to help keep private files secure. This is useful when storing personal documents, work files and other information that should not be freely accessible if the drive is being shared or transported.

Simple File Management
The SanDisk app can help users back up, browse and organise photos, videos and other files. Moving content from a computer to the flash drive can also help free up valuable local storage space while keeping files available for later access.

SanDisk Ultra 1TB USB Flash Drive for Work and Home
The combination of 1TB capacity, USB 3.0 connectivity and up to 130MB/s sequential read performance makes this drive suitable for a wide range of everyday storage requirements. It can be used for file transfers, media storage, backups and keeping important documents readily available.

The SanDisk Ultra 1TB USB 3.0 Flash Drive is identified by part number / SKU SDCZ48-1T00-G46, making it easy to match the product with compatible listings and purchasing records.

Why Choose the SanDisk Ultra 1TB Flash Drive

- 1TB capacity provides substantial space for documents, photos, videos and other digital files.
- USB 3.0 delivers fast data transfer performance with read speeds of up to 130MB/s.
- USB Type-A connectivity provides compatibility with many computers and compatible devices.
- Compact black design makes the drive convenient to carry and store.
- Password protection helps safeguard private files.
- Suitable for backups, file transfers, media storage and freeing up computer storage.
- SanDisk app support provides convenient ways to back up and organise files.
