SanDisk 128GB Ultra Dual Drive m3.0 Flash Drive - Black / Grey

Product Overview

SanDisk 128GB Ultra Dual Drive m3.0 Flash Drive - Black / Grey, Compatible with otg-enabled Android devices, Dual Micro-USB and USB 3.0 connectors, High-Speed USB 3.0 for Super-Fast File transfers of up to 130MB/s

Specifications

Overview Summary:

The SanDisk Ultra Dual Drive m3.0 128GB Flash Drive offers a convenient way to transfer files between OTG-enabled Android devices and Windows or Mac computers. With dual micro-USB and USB 3.0 connectors, it makes moving photos, videos, music, and documents quick and simple, while USB 3.0 transfer speeds of up to 130MB/s help save valuable time.

Its compact retractable design is ideal for everyday portable storage and freeing up space on compatible Android smartphones and tablets. Buy now for reliable SanDisk performance or shop now to enjoy fast, convenient file transfers across your devices.

Performance tier: Mid-range

Uses: File transfers, Android smartphone storage expansion, Photo backup, Video storage, Document storage, Portable data sharing, Computer file transfer

Overview:

SanDisk Ultra Dual Drive m3.0 128GB USB 3.0 OTG Flash Drive - Black / Grey
The SanDisk Ultra Dual Drive m3.0 128GB flash drive provides a simple and efficient way to transfer files between compatible Android devices and computers. Equipped with both a micro-USB connector and a USB 3.0 connector, it makes moving photos, videos, music, and documents quick and convenient without relying on cables or cloud storage. Its compact retractable design helps protect the connectors while making it easy to carry wherever you go.

Description:

The SanDisk Ultra Dual Drive m3.0 is designed for users who need extra storage and fast file transfers across multiple devices. With 128GB of storage, dual micro-USB and USB 3.0 connectivity, and transfer speeds of up to 130MB/s, it is ideal for freeing up space on OTG-enabled Android smartphones and tablets while providing seamless access to files on Windows PCs, Macs, and laptops.

Features:

Why Choose the SanDisk Ultra Dual Drive m3.0
Whether you regularly capture photos and videos on your Android phone or need an easy way to transfer work files, this dual-interface USB flash drive simplifies storage management. It allows you to move files directly between supported Android devices and computers without complicated syncing or additional accessories.

The high-speed USB 3.0 interface significantly reduces transfer times while remaining fully compatible with USB 2.0 ports for broader compatibility.

Highlights

- 128GB storage capacity
- Dual micro-USB and USB 3.0 connectors
- Compatible with OTG-enabled Android smartphones and tablets
- USB 3.0 transfer speeds up to 130MB/s
- Backward compatible with USB 2.0 ports
- Compact retractable connector design
- Suitable for Windows PCs, Mac computers, laptops, and compatible Android devices

Fast Storage Expansion for Android Devices

Running out of storage on your smartphone or tablet can prevent you from capturing more photos or recording videos. The SanDisk Ultra Dual Drive m3.0 offers an easy solution by allowing you to quickly transfer files from your device, creating valuable free space without deleting important memories.

Simple File Transfers Between Devices
Moving content between your Android device and computer is straightforward thanks to the dual-connector design. Simply connect the appropriate end of the drive to your device and transfer files without needing internet access or additional software.

This makes it an excellent option for backing up important files, sharing media, or transporting documents between home, school, and work.

High-Speed USB 3.0 Performance
The USB 3.0 interface delivers transfer speeds of up to 130MB/s, helping reduce waiting time when copying large videos, photo collections, music libraries, or business files. It also works with older USB 2.0 ports, ensuring compatibility with a wide range of computers.

Convenient File Management
Users can also take advantage of the SanDisk Memory Zone app for Android, which helps organize, browse, back up, and manage files stored on both the mobile device and the flash drive. The app can also automatically move selected files to the drive to help free up storage space.

Technical Details

- Brand: SanDisk
- Product: Ultra Dual Drive m3.0
- Capacity: 128GB
- Part Number / SKU: SDDD3-128G-G46
- Colour: Black / Grey
- USB Interface: USB 3.0
- Secondary Connector: Micro-USB
- Maximum Transfer Speed: Up to 130MB/s
- USB Compatibility: USB 3.0 and USB 2.0
- Device Support: OTG-enabled Android smartphones and tablets, Windows PCs, Mac computers, and laptops

Ideal Applications
