SanDisk Extreme Pro SDHC UHS-I Memory card

Product Overview

SanDisk Extreme Pro SDHC UHS-I Memory card, Capacity of 256GB for High-Resolution storage, Sequential read speeds up to 200MB/s for fast Data transfer, Sequential write speeds up to 140MB/s for Rapid shot Capture, UHS-I Interface Technology for optimized Performance, Supports stutter-free 4K UHD Video recording, Rated UHS Speed Class 3 (U3) and Video Speed Class 30 (V30)

Specifications

Overview Summary:

Enhance your photography and videography with the Sandisk Extreme Pro 256GB SD Card, specifically designed for South African creators who demand reliability and speed. This high-performance UHS-I memory card delivers shot speeds up to 140MB/s and transfer speeds of up to 200MB/s, ensuring you capture stunning 4K UHD video without stutter or missed moments.

Built to withstand extreme conditions including water, shock, and temperature variations, this card is the perfect companion for your next outdoor adventure or professional shoot. Secure your data with included RescuePRO Deluxe software recovery options and experience seamless workflow efficiency. Buy now to elevate your creative potential with the most powerful SD memory card from Sandisk.

Performance tier: Professional

Uses:4K UHD video recording, DSLR photography, high-speed burst mode shooting, professional media offloading

Overview:

The SanDisk Extreme PRO SDHC Memory Card is engineered for professional photographers and videographers who demand the highest performance from their equipment. With shot speeds reaching up to 140MB/s, this card ensures you capture every critical moment without missing a beat, making it ideal for high-speed action sequences. It supports stutter-free recording of stunning 4K UHD video thanks to its UHS Speed Class 3 (U3) and Video Speed Class 30 ratings, allowing creators to focus on their craft rather than technical limitations.

Description:

This premium memory card combines exceptional speed with rugged durability to support demanding creative workflows. It offers transfer speeds up to 200MB/s for rapid media offloading, significantly reducing post-production time when paired with the SanDisk Professional PRO-READER. The card is built to withstand extreme environments, featuring resistance against temperature variations, water, shocks, and x-rays, ensuring your data remains safe wherever you shoot. Additionally, it includes RescuePRO Deluxe software to help recover accidentally deleted images, providing an extra layer of security for your valuable content.

Features:

Why Choose the SanDisk Extreme PRO SD Card
Creativity should never be limited by technology. This UHS-I memory card delivers the power needed for seamless high-resolution video capture and rapid burst photography. The included RescuePRO Deluxe offer provides a two-year subscription to data recovery software, giving you peace of mind when working with critical footage. Whether you are shooting in scorching heat or freezing cold, the card is temperature-proof and ready for any challenge.

Key Performance Specifications

- Part Number: SDSDXXD-256G-GN4IN
- Capacity: 256GB
- Form Factor: SDHC
- Sequential Read Speed: Up to 200MB/s
- Sequential Write Speed: Up to 140MB/s
- Interface: UHS-I
- Video Speed Class: V30 (U3)

Durability and Environmental Resistance
Built for the most demanding conditions, this card is rigorously tested to ensure reliability in the field. It is waterproof, shock-proof, temperature-proof, and x-ray-proof, making it suitable for extreme sports photography, wildlife documentation, and professional broadcast work. The operating temperature range spans from -25degrees C to 85degrees C, while non-operating temperatures can withstand between -40degrees C and 85degreesC.

The compact design measures just 2.17mm in thickness with a weight of only 1.67gms, ensuring it fits seamlessly into standard SDXC and UHS-I enabled host devices without adding bulk to your gear bag.

Specifications	
Product Code	SDSDXXD-256G-GN4IN
Capacity	256GB
Form Factor	SDHC
Sequential Read Performance	Up to 200MB/s
Sequential Write Performance	Up to 140MB/s
Interface	UHS-I
Dimensions (L x W x H)	2.17mm x 23.91mm x 31.92mm
Weight	1.67gms
Model Number	SDSDXXD-256G-GN4IN
Operating Temperature	-25degreesC to 85degreesC
Non-Operating Temperature	-40degreesC to 85degreesC
Certifications	CE, FCC, C-Tick/RCM, UKCA, EAC, ICES
Product Features	Transfer speeds up to 200MB/s
	Perfect for 4K UHD VIDEO
	Recover images you accidentally deleted
Compatibility	Compatible with SDXC and SDXC UHS-I enabled host devices.

FAQ

Is this card suitable for recording 4K UHD video?
Sandisk Extreme PRO SDHC And SDXC UHS-I Card is rated UHS Speed Class 3 (U3) and Video Speed Class 30 (V30), making it perfect for capturing stunning, stutter-free 4K UHD video without missing a beat.

What are the read and write speeds for this memory card?
This card delivers shot speeds of up to 140MB/s for capturing action and offers transfer speeds of up to 200MB/s for faster post-production workflows, especially when paired with SanDisk QuickFlow Technology.

Is the card durable enough for harsh environments?
Yes, the Sandisk Extreme PRO SD UHS-I Card is built to withstand weather and water, as it is temperature-proof, waterproof, shock-proof, and x-ray-proof.

Will this card work with my existing camera or device?
The card is compatible with SDXC and SDXC UHS-I enabled host devices, so you should verify your device supports these standards before purchasing.

What happens if I accidentally delete photos from the card?
Purchase includes an offer for RescuePRO Deluxe 2 year data recovery software which allows you to restore images you may have deleted by mistake.
