Zebra ET4X 10" Rugged Boot / Exoskeleton for 10 inch ET40 & ET45

Product Overview

Zebra ET4X 10" Rugged Boot / Exoskeleton for 10 inch ET40 & ET45, Compatible with --> Zebra ET40 / ET45 Android Tablets

Specifications

Overview Summary:

Protect your Zebra ET40 or ET45 with the rugged 10-inch Zebra ET4X Exoskeleton Boot, built for tougher environments where added drop resistance matters. This protective cover is ideal for logistics, warehousing, retail, and field mobility users who need reliable device protection without compromising cradle compatibility. Buy now for dependable tablet protection suited to demanding South African business operations. advanced-automationinc.com+1

Designed for practical deployment, this rugged boot features a two-piece snap-on design for easy installation and supports expansion backs, straps, and charging cradles. Whether upgrading existing Zebra tablets or equipping new deployments, this accessory helps extend device durability. Shop now for a robust enterprise-ready protection solution. midwestbarcodingsolutions.com+1

Performance tier:Enterprise Rugged

Uses:tablet drop protection, warehouse mobility, field service operations, retail deployments, logistics use, industrial tablet protection

Overview:

Enhance the durability of your enterprise tablet setup with the Zebra ET4X 10 inch rugged boot, engineered to deliver reliable protection in demanding work environments. Designed specifically for seamless integration with Zebra ET40 and Zebra ET45 devices, this exoskeleton-style cover reinforces the tablet's structure while maintaining full usability across accessories and docking systems. Its robust construction helps minimize damage from accidental drops and daily wear, making it well suited for industries such as logistics, retail, and field services.

Description:

The Zebra ET4X rugged boot provides a practical layer of defense for 10 inch ET40 and ET45 tablets by improving impact

Product Specification Sheet

resistance and overall durability. Its two-piece snap-on design allows for quick installation while maintaining compatibility with expansion backs, charging cradles, and carrying accessories. Built with operational efficiency in mind, it supports active workflows without adding unnecessary bulk, helping extend device lifespan in fast-paced environments.

Features:

Built for Tough Working Conditions

This rugged boot significantly enhances drop protection, increasing the device's tolerance from standard handling to more demanding conditions. Whether used in warehouses or on-site service environments, it reduces the risk of damage from falls onto hard surfaces like concrete.

- Improves drop resistance up to 5.1 feet onto concrete
- Shock-resistant construction for everyday operational hazards
- Reinforces device edges and corners where impact risk is highest

Practical Design and Easy Installation

The two-piece structure simplifies setup while ensuring a secure fit around the tablet. Once installed, it stays firmly in place without interfering with functionality or access to essential ports and controls.

- Snap-together design for straightforward installation
- Secure fit without compromising usability
- Maintains access to buttons, ports, and screen

Seamless Compatibility with Accessories

Unlike bulky protective cases, this rugged boot is designed to work alongside Zebra's ecosystem of accessories. It remains fully compatible with charging cradles and expansion backs, ensuring uninterrupted workflow integration.

- Works with single-slot and multi-slot charging cradles
- Compatible with expansion backs attached to the device
- Includes hook points for optional D-clips and straps (SG-ET4X-DCLIPS-01)

Key Technical Details

- Part number: SG-ET4X-10EXOSKL1-01
- Designed for 10 inch tablets (25.4 cm screen size)
- Compatible models: ET40 and ET45
- Form factor: Protective cover / rugged boot
- Colour: Black
- Brand compatibility: Zebra
- Shock-resistant design for added durability
- No built-in battery or speakers
- Stand mode not supported

What's Included in the Box

- Rugged boot / exoskeleton for 10 inch ET40 and ET45 tablets

For organizations relying on mobile computing in challenging environments, the SG-ET4X-10EXOSKL1-01 rugged boot provides a straightforward and effective way to protect valuable hardware while maintaining full operational capability.
