Compatible with the Epson SureColor SC-P700, it delivers smooth gradients, rich tones, and consistent output for both photography and creative work.

This 25ml original Epson ink is ideal for maintaining high-performance printing in studios or home environments. Order now to keep your printing workflow reliable and colour accurate in South Africa.

**Performance tier:**Professional / Premium Print Ink

**Uses:**Photo printing, fine art printing, colour proofing, studio printing, archival-quality image production

#### Overview:

##### Epson Singlepack Violet T46SD UltraChrome Pro 10 Ink for SureColor SC-P700

Epson Singlepack Violet T46SD UltraChrome Pro 10 Ink is a high-quality pigment-based ink designed to deliver exceptional colour accuracy and smooth tonal transitions for professional photo printing. Developed for use with the Epson SureColor SC-P700 printer, this violet ink plays a critical role in expanding the colour gamut, helping produce richer gradients, deeper shadows, and more refined image detail. It is engineered for photographers, designers, and print professionals who require consistent, gallery-quality output.

#### Description:

This violet ink cartridge is part of Epson's advanced UltraChrome Pro 10 ink system, formulated to enhance colour reproduction and improve overall print depth. The inclusion of violet ink allows for a wider colour spectrum, particularly improving blues, purples, and skin tone transitions. With a 25ml capacity, it supports high-precision printing tasks while maintaining consistency across fine art prints and photographic work. The formulation is designed for smooth layering and

stable pigment placement, ensuring professional-grade results on every print.

## Features:

### Vibrant Violet Ink for Professional Photo Printing

The violet channel is specifically designed to extend colour range and improve accuracy in challenging tonal areas. This makes it particularly valuable for high-end photographic reproduction and detailed artwork printing.

Key benefits include

- Improved colour gamut for blues and violets
- Enhanced tonal gradation in shadow and midtone areas
- Consistent pigment distribution for smoother prints
- High stability for professional archival-quality output

### Compatibility and Printer Use

The Epson T46SD ink cartridge is designed exclusively for the Epson SureColor SC-P700 printer. This ensures optimal performance, correct ink flow, and precise colour calibration within the printer's UltraChrome Pro 10 system.

It integrates seamlessly into the printer's existing ink configuration, supporting advanced colour management workflows used in professional photography and fine art printing environments.

### Ink Capacity and Performance Details

With a 25ml ink volume, this cartridge is designed to balance efficiency with high-quality output. The UltraChrome Pro 10 formulation ensures long-lasting colour stability and excellent resistance to fading under controlled display conditions.

Performance highlights include

- 25ml single ink cartridge capacity
- UltraChrome Pro 10 pigment-based formulation
- Extended tonal range with violet enhancement
- Designed for high-resolution professional printing

### Part Number and Product Identification

This product is identified by part number / SKU T46SD, ensuring correct selection for users replacing or stocking ink for compatible Epson printers. It is commonly referenced as Epson Singlepack Violet T46SD UltraChrome Pro 10 Ink in professional print environments and supply catalogues.

### Key Technical Details

- Ink type: Pigment-based UltraChrome Pro 10
- Colour: Violet
- Capacity: 25ml
- Printer compatibility: Epson SureColor SC-P700
- Part number / SKU: T46SD
- Intended use: Professional photo and fine art printing

The Epson T46SD violet ink is a critical component in achieving accurate, wide-gamut colour reproduction, making it suitable for demanding print workflows where precision and consistency are essential.
