Specifications

About this product

The Kospet Tank M3 Ultra SmartWatch combines rugged durability with advanced features. It offers a 1.96" Corning Gorilla Glass 3 touchscreen with 410 x 502 resolution, 5 ATM and IP69K water-resistance, 170+ sports modes with smart recognition, and built-in compass and barometric altimeter, making it ideal for both daily use and outdoor adventures.

Overview Summary

Product:Kospet Tank M3 Ultra SmartWatch

The Kospet Tank M3 Ultra is engineered for both adventure enthusiasts and tech-savvy users. Featuring a 1.96" high-resolution Corning Gorilla Glass 3 touchscreen, this smartwatch ensures clear visibility and responsive touch controls. Its stainless steel body provides long-lasting durability while maintaining a premium look and feel.

Equipped with 170+ sports modes and smart activity recognition, it tracks a wide range of fitness and outdoor activities. The built-in compass and barometric altimeter enhance navigation and environmental awareness. With Bluetooth 5.3 connectivity, app integration, SMS, and phone call notifications, it keeps you connected on the go.

Battery performance is exceptional with a 480mAh pure cobalt battery, delivering up to 15 days of regular use or 5-8 days under heavy usage. Fast charging takes approximately 2 hours, ensuring minimal downtime.

Performance tier:Premium Rugged SmartWatch

Uses:Fitness tracking, Outdoor navigation, Notifications, Health monitoring, Daily wear

Overview

Kospet Tank M3 Ultra SmartWatch features a durable stainless steel body with a 1.96" AMOLED touchscreen protected by Corning Gorilla Glass 3. It offers advanced health monitoring-including heart rate, SpO2, blood pressure, and stress levels-plus GPS and 170+ sport modes. With a 480mAh battery, it lasts up to 15 days on typical use and supports Bluetooth 5.3, notifications, and emergency SOS for all-day smart connectivity.

Description

The Kospet Tank M3 Ultra SmartWatch is designed to withstand challenging environments while keeping you connected. Its stainless steel body and 5 ATM + IP69K water-resistance allow for use in rain, showers, and intense outdoor conditions. The 1.96" touchscreen with 410 x 502 resolution ensures crisp visuals for apps, notifications, and fitness tracking. With more than 170 sports modes and smart recognition, users can monitor a variety of activities accurately. Additional features like a built-in compass, barometric altimeter, and Bluetooth 5.3 support enhance both navigation and connectivity. Battery longevity, fast

charging, and compatibility with Android 5.1+ and iOS 10.0+ make it a versatile and reliable smartwatch for daily and extreme use.
