

TAPO-C125

TP-Link Tapo C125 AI Home Security Wi-Fi Camera

Product Overview

TP-Link Tapo C125 AI Home Security Wi-Fi Camera, SPEC: 2K QHD (2560x1440), 2.4 GHz, FEATURE: Smart AI Detection and Notifications (motion, people, pets, cars, abnormal sound), Physical Privacy Mode, Customizable Night Vision (940nm & 850nm), Sound and Light Alarm

Specifications

Features:

- Physical Privacy Shutter- Activate the Physical Privacy Shutter to safeguard your privacy by blocking the camera's lens when needed
- 2K QHD - Every detail counts, and the C125 takes it a step further than standard Full HD resolution, offering an impressive 2K QHD clarity for exceptional precision and unmatched clarity.
- Apple Homekit Compatible - Seamlessly integrate your Tapo C125 into your Apple Home ecosystem
- Smart AI Detection and Notification-Smart AI identifies people, pets, and abnormal sounds, notifying users as needed.
- Easy Installation with Magnetic Base - Tapo C125's compact design allows for easy installation using its magnetic base and flexible bracket
- Invisible Infrared Lights Option - Choose the 940nm Invisible Infrared Lights for non-disruptive baby monitoring during their sleep.
- Crisp Two-Way Audio: Enjoy clear, high-quality two-way communication with Tapo C125's premium microphone and speakers-easily stay connected with loved ones on the other side of the camera.
- Customizable Sound Alarm - Triggers recorded audio as an alarm when motion is detected.

Free up Your Hands - 3rd Party Compatible

Take command with voice control capabilities through popular third-party devices like Apple Homekit, Alexa and Google Home, allowing you to effortlessly manage your Tapo C125 and enjoy true hands-free convenience.

Seamless Privacy Control

Use the button on the product shell or Tapo app to easily open or close the privacy shield, giving you complete control over your private moments.

2K QHD AI Image Enhanced

Check the AI enhanced high-fidelity images with Tapo C125, you can see more details even in low light environment.

ComX Computers

Product Specification Sheet

Invisible Infrared Lights Option

If the red IR LEDs are a distraction, you can switch to invisible IR mode to monitor during the night without having the red IR indicator. Ideal for indoor scenarios with children and pets.

140 degreesWide-Angle Coverage

140 degrees wide-angle design provides you with more viewable area so that you can always know what matters most to you.

Smart AI Detection and Notification

Smart AI identifies people, pets, and vehicles while recognizing a baby crying and other sounds, notifying users as needed.

Person Detection

Notice everyone moving through your camera's field of view.

Pet Detection

Know what your fur baby is up to with the Tapo app.

Abnormal Sound Detection

Notifies you when hard sounds are detected.

Magnetic Base with A Long Power Cord

Mounting the Tapo C125 is simple with a strong magnetic base that can be used to stick the camera in desired angles and locations. The long power cord provides adequate distance to plug in the camera to power.

Customizable Sound and Light Alarm

Record your own audio to use as an alarm and adjust the brightness to suit your preferences. Activate the built-in siren and light alarm to deter intruders.

Customizable Cross-Line Detection

Set up your own activity zones to only receive alerts that matter.

Activity Zone

Notifies you when activity is detected in specific zones.

Two-Way Audio

Enables communication through a built-in microphone and speaker.

Flexible Storage Choices

Save recorded videos on the microSD Card†(up to 512 GB) or by using Tapo Care cloud storage services.

Wi-Fi 6 Supported

Connected with Wi-Fi 6-supported router, enjoying more stable and consistent live views.
