Specifications

About this product

The Targus EcoSpruce 15.6" Backpack (TBB013EU) is a stylish, durable laptop carrier built from recycled PET bottles, designed for laptops up to 15.6" (39.6 cm) and offering a water-resistant base, organised pockets and eco-friendly performance.

Overview Summary

Product title: Targus EcoSpruce 15.6" Backpack (TBB013EU)

This backpack combines sustainable materials with smart laptop protection. The exterior is woven from recycled plastic bottles and features a water-resistant bottom, while the interior is designed to safely accommodate laptops up to 15.6" (39.6 cm). With quick-access pockets, a dedicated laptop compartment and ergonomic straps, it provides commuting professionals and students with both style and function.

Whether you're carrying your laptop to work, to class or around town, this backpack offers reliable protection, organised storage for accessories and a sleek black finish that fits every setting. Its eco-conscious build makes it a strong choice for anyone looking for a solid laptop bag with an environmental edge.

Performance tier: Mid-range premium commuter

Uses: Laptop transport, daily commute, student bag, business travel, accessory organisation

Overview

Targus EcoSpruce is a collection of eco-friendly bags delivering the same superior laptop protection, durability and ergonomics. Targus is known for but manufactured using recyclable materials which help reduce our effect on the environment.

EcoSpruce fabric is woven from 100% PET polyester fibre which is made from recycled water bottles. Fabric is free of harmful substances; meets Bluesign standard; Green Mark certification; a global benchmark designed to ensure environmental ISO standards and green fabric standards are met.

Description

The Targus EcoSpruce 15.6" Backpack is crafted to meet the needs of modern mobile professionals and students who carry a 15.6" laptop and associated accessories. It features a main compartment with a padded sleeve that accommodates laptops up to 15.6" (39.6 cm) and additional organiser pockets for pens, cards, cables and water bottles. The whole exterior fabric is woven from recycled PET bottles, making it an environmentally conscious choice without compromising on durability. The rubberised zip pullers, PVC-free construction and water-resistant base ensure your gear stays safe in everyday commutes. Ergonomic shoulder straps and a supportive back panel make it comfortable for extended wear. Whether you're moving between meetings, classrooms or cafés, this backpack reconciles sustainability with high-functionality.

Features

Key advantages of this backpack include:

- Eco-friendly recycled PET fabric made from plastic bottles - reducing waste while maintaining durability.
- Dedicated laptop compartment up to 15.6" (39.6 cm) for safe transport of your computer.
- Quick access pocket with key clip, pen loops, business card holder and accessory sections - keeps items organised.
- Water-resistant bottom and PVC-free construction help protect gear from light rain and moisture.
- Lightweight design (approx. 1.05 kg) yet spacious - balancing portability and capacity.

What's in the Box
