ComX Computers

Product Specification Sheet

With 20W Dolby Digital audio, Wi-Fi and Ethernet connectivity, and multiple input options including 2 x HDMI and 2 x USB, the V35RP ensures high-quality entertainment for movies, gaming, and everyday viewing. Compact yet feature-rich, it is ideal for smaller rooms or as a secondary smart TV.

Performance tier:Mid-range

Uses:Streaming, gaming, home entertainment, media playback

Description

The Toshiba V35RP combines high-definition visuals with smart technology for a complete entertainment solution. Its 32" HD LED panel ensures clear and bright images, while the VIDAA U operating system provides easy access to popular streaming services and apps. Equipped with 1 GB RAM and 4 GB internal storage, it handles multiple apps and content with smooth performance. Audio is powered by 20W Dolby Digital speakers for immersive sound. Connectivity is versatile with 2 x HDMI, 2 x USB, Wi-Fi, and Ethernet ports. Compact dimensions make it easy to place in any room, with a sleek design that complements modern interiors. Note that a TV license is required for use.

Features

Key features of the Toshiba V35RP 32" HD LED VIDAA Smart TV include:

- 32" HD LED display with 1366 x 768 resolution for vibrant visuals
- VIDAA U OS for easy navigation and smart app access
- 1 GB RAM and 4 GB storage for smooth app performance
- 20W Dolby Digital audio for immersive sound experience
- 2 x HDMI and 2 x USB ports for multiple device connections
- Wi-Fi and Ethernet connectivity for seamless streaming
- Compact design: 72.2 x 42.6 x 7.7 cm and lightweight at 3.4 kg
- TV license required for legal viewing

REGZA Engine HG

The REGZA Engine High Grade processor enhances image quality beyond standard Full HD. No matter the type of content, it delivers sharp, vibrant, and realistic visuals for a truly impressive viewing experience.

Dolby Audio and DTS Virtual:X

Enjoy clear, immersive, and multidimensional sound with Dolby Audio and DTS Virtual:X. Whether you're watching movies, gaming, or listening to music, you'll hear every detail with lifelike effects that bring scenes to life.

Color Re-Master

This technology restores and fine-tunes colors to be as close to the original as possible. Even if the source signal is faded or inaccurate, the TV adjusts the image for bright, vibrant, and true-to-life colors, ensuring the best possible viewing experience.

Game Mode

Optimizes picture settings for gaming, reducing input lag and enhancing visual responsiveness. This provides a smoother, more immersive gaming experience.

VIDAA OS

The VIDAA operating system lets you easily access popular streaming apps like Netflix, YouTube, and Prime Video with smooth performance. Its clean and user-friendly interface makes it easy to search for and enjoy your favorite content quickly and without interruptions.
