Specifications

Overview Summary

Armaggeddon Tritron 3 ATX Gaming Case (White) with 3x ARGB Fans

The Tritron 3 is a dual-chamber mid-tower gaming chassis offering strong airflow, fully white-coated interior, tempered glass panels, and ARGB lighting. It supports ATX, micro-ATX, and mini-ITX motherboards, allowing for high-end GPU installations up to 305 mm (or 320 mm depending on fan configuration), with space for coolers up to 165 mm tall. The case includes essential I/O, drive bays, and cable-management features to help systems stay clean, cool, and visually striking.

Designed for gamers and PC builders who want style without compromising functionality - whether for gaming rigs, streaming setups, or workstation builds, it delivers value with included accessories and modern design cues.

Performance tier:Mid-range gaming / enthusiast entry

Uses:Gaming builds, streaming rigs, budget RGB builds, workstation cases, custom PC showcases
