Specifications

Overview:

ESD360C Portable SSD

Transcend's ESD360C portable SSD boasts a blazing-fast USB 20Gbps transfer rate and impressive storage capacity. Its credit-card size means you can easily put it in your pocket or wallet. The ESD360C has numerous useful features such as advanced data security capabilities and one-touch auto-backup function, allowing you to safely store client data, meeting records, business contracts, or even your valuable media files. It's time to upgrade your mobile data base!

Features:

20Gbps Super Speeds

Transcend's ESD360C portable SSD is equipped with incredible 20Gbps transfer speeds, as well as an SLC Cache, which enhances read/write speeds up to 2000 MB/s. Whether it's documents or media files, everything can be transferred in no time at all. The ESD360C is also backward compatible with USB 2.0 & 3.0, allowing for greater accessibility and ease of use.

Note: Speed may vary due to host hardware, software, usage, and storage capacity.

Take the World with You, in Your Pocket

Pack light! The credit-card-sized ESD360C fits perfectly in your wallet or purse, barely taking up any space in your travel bag. Meeting MIL-STD-810G US military drop-test standards, the ESD360C can endure a 3-meter drop.* The anti-scratch and anti-shock case means the ESD360C will not only look and stay pristine after all your adventures, but you'll also be traveling in style.

*Drop test is performed in non-operating state. This does not guarantee the invulnerability of this product under any circumstances. Please do not drop or strike the product arbitrarily.

More Space For Better Peace of Mind

Transcend's ESD360C provides up to 4TB of storage capacity, ensuring you have plenty of space to store all your important files and backups.

Any Device, Anytime

Transcend's ESD360C can be used with multiple devices and operating systems, including Windows, macOS, iOS, iPadOS, and Android. It provides ultra-fast transfer speeds and extra-large capacity expansion for PCs, laptops, tablets, smartphones, and even gaming consoles. The incredible versatility makes it a convenient and efficient option for those looking to expand their storage space.

Notes:

1. Mobile devices must support USB OTG. Game console vendors may set out capacity requirements concerning external storage. Please check compatibility before purchasing.

2. The ESD360C comes formatted in the exFAT file system. However, some mobile devices may require FAT32 only. Please format the ESD360C to the FAT32 file system before use.

Type-A & Type-C, Infinite Possibilities

Transcend's ESD360C comes with both a USB Type-C cable and a USB Type-C to Type-A cable to accommodate desktops, laptops, and tablets featuring the USB Type-C or Type-A port.

One-Touch Auto-Backup

The ESD360C features a convenient auto-backup button for instant data backup when used in conjunction with Transcend Elite software.

Note: Transcend Elite software is required for the One-touch auto-backup function.

Powerful Protection, Advanced Security

Transcend's storage devices provide exclusive disk lock and security functions, which work on both Windows and Android systems. With Transcend Elite software, safeguard your entire drive and the files inside with password protection. Additionally, our storage devices meet the hardware-based 256-bit Advanced Encryption Standards (AES), offering top-notch security with minimal impact on storage performance.

One-Time Password To Unlock Your Disk

Forgot your disk password? No worries! The ESD360C supports a one-time password (OTP) function. Simply click "Forget Password" on Transcend Elite, and a one-time password will be sent to your designated e-mail. Enter the password in the Transcend Elite to unlock your ESD360C.

Manage Data with Transcend Elite

Transcend Elite is an advanced data management software package compatible with macOS, Windows OS, and Android. Available as both a desktop and mobile app, download free from Transcend's official website or from the Google Play Store. Transcend Elite offers features such as backup and restore, data encryption, cloud backup, and disk locking functions. For Windows and Mac
