Specifications

Features:

The gateway to a revolutionary entertainment experience

Get in right where the action is. Samsung's Smart Hub creates the best environment for top notch entertainment. With immediate access to apps, videos and music, you will never feel lonely. Enjoy great apps from your Samsung Smart TV. Stay in the centre of your social circle with Smart Hub's social page and see your friends' favourite video clips through Facebook and Twitter. And even access photos, videos and clips on all compatible devices like a PC or a camera.

Dual Core makes multitasking fast

Dual Core's faster processing speeds allow you to perform multiple tasks at the same time, such as using an app while downloading another one. It also enables faster web browsing while playing apps or TV programs that you've recently opened through the Recent History feature.

Filtering noise for added TV viewing pleaser

Experience crystal-clear programming from your TV with Samsung's Clean View. By applying Clean View's auto noise-removal technology, it removes digital and analog noise that is seen on the screen. The Analog Noise Filter enhances the picture quality by deleting visual noise from both air and cable sources. Sit back, relax and watch TV with the best clarity.

More vibrant colours for better images

Using an advanced picture quality improvement algorithm, Samsung's Wide Colour Enhancer Plus drastically improves the quality of any image and uncovers hidden details. Now see colours as they were meant to be seen with Wide Colour Enhancer Plus.

Stay connected by sharing

Seamlessly share content across all of your connected devices with Samsung's AllShare. AllShare allows you to share photos, videos and music from your smartphone, tablet, laptop and camera to the big screen of your TV. Now enjoy your content on Smart TV with as little fuss as possible.

Discover a new reality in Full HD

Enjoy a greater level of home entertainment realism than ever before. Thanks to a resolution twice as high as standard HD TVs, your Samsung Smart TV delivers a breathtaking viewing experience that takes you beyond the screen into a world of total immersion. When you've seen the rich and vivid texture of Full HD images, your favourite TV programs and movies will never be the same again. Discover reality with a full high definition experience.

Watch Sports in the best way there is

With the Samsung TV, you can watch sports not only at your convenience but also in the best way there is. The Sports Mode allows you to incorporate fantastic features and a shortcut to activate them all at once. Enhance picture and sound for your benefit, replay the game whenever you miss a shot and share the excitement of sports with your friends and family via Social TV.

Designed for maximum appeal

Samsung's One Design maximises the viewing experience as well as enhances your home interior. One Design elegantly combines the LED TV's Ultra-slim bezel with its panel to remove any barriers from a seamless viewing experience.

Watch movies from your USB

With ConnectShare Movie, simply plug your USB memory drive or HDD into the TV and instantaneously enjoy movies, photos or music. Now, you can experience a wide variety of content in the comfort of your living room on your TV.
