

UACC-SM1GS

Ubiquiti Single Mode 1.25Gbps LC SFP Bi direct 3km

Product Overview

Ubiquiti Single Mode 1.25Gbps LC SFP Bi direct 3km, UACC-OM-SM-1G-S-2, 1x LC connector, 1.25Gbps Data rate, SFP (BiDi) Form Factor, Single Mode mode, 3km supported distance, 1310nm / 1550nm Wavelength

Specifications

Overview:

Ubiquiti Networks offers a variety of U Fiber modules to suit your fiber connectivity applications. The UACC-SM1GS is ideal for long-distance, outdoor, bi-directional, single-mode runs for distances of up to 3 km at 1 Gbps.

These SFP modules make use of WDM (Wavelength-division multiplexing), meaning it uses two different light wavelengths to transmit data in both directions at once, resulting in fewer fibre cables to be run. It also aids in maximising the use of existing infrastructure and simplifying installations.

IMPORTANT: The price reflected is for one box of 2 units - One pair. This product is only sold as a PAIR. No single units are available.
