Ubiquiti UniFi Protect Video Doorbell Lite - Black

Product Overview

Ubiquiti UniFi Protect Video Doorbell Lite - Black, UVC-Doorbell-Lite-B, 5m IR Night Vision, Smart detections, Two-Way Audio, IPX5 weatherproofing, 10/100 MbE Port Networking Interface, 24 fps Maximum Frame rate, 5MP 1920x2560 (3:4) Resolution, 1/2.7" 5MP Sensor, PoE Power Method

Specifications

Overview Summary:

The Ubiquiti UniFi Protect Video Doorbell Lite is a compact, wired smart doorbell built for clear and dependable front door monitoring. It delivers sharp 5MP vertical video with infrared night vision and smooth integration into the UniFi Protect platform, making it easy to keep an eye on visitors and deliveries day or night.

Powered by PoE for a stable connection, this doorbell supports two-way audio and smart detections in a clean, weather-resistant design suited to South African homes and small businesses. If you want reliable UniFi-based security with a neat, modern look, buy now and upgrade your entrance monitoring today.

Performance tier:Mid-range

Uses:Front door security, visitor monitoring, package monitoring, home entrances, small business entrances

Overview:

Ubiquiti UniFi Protect Video Doorbell Lite is a compact PoE-powered doorbell designed for reliable front door monitoring with clean aesthetics and consistent everyday performance. Built to integrate seamlessly with the UniFi Protect platform, it delivers sharp vertical video, responsive smart detections, and clear two-way audio in a space-saving form factor. Its weather-resistant construction and flexible mounting options make it a practical solution for modern homes and small business entrances.

Description:

The UniFi Protect Video Doorbell Lite combines high-resolution vertical video with dependable wired connectivity for stable, always-on monitoring. It captures clear 5MP footage in a head-to-toe viewing format, supports infrared night vision for after-dark visibility, and enables two-way audio for real-time visitor communication. Powered via PoE and designed to work natively with UniFi Protect, it delivers reliable smart alerts and clean visuals in a discreet, low-profile design suited to a wide range of entryways.

Features:

Compact design for modern entryways

The slim housing keeps a subtle presence at the door while fitting easily into tight mounting areas. Its minimal appearance complements residential and small commercial environments without drawing unnecessary attention.

Vertical video that captures more detail

A 3:4 aspect ratio provides a full view of visitors from head to toe. This layout also makes it easier to monitor packages placed directly in front of the door.

Clear visibility after dark

Integrated infrared illumination supports nighttime monitoring. The 5 meter IR range helps maintain usable footage in low-light conditions.

Built-in audio for instant interaction

Two-way audio allows direct communication with visitors through the UniFi Protect interface. This is useful for managing deliveries or greeting guests remotely.

Smarter motion awareness

Smart detection support helps focus alerts on meaningful activity. Events are processed within the UniFi Protect ecosystem for

Product Specification Sheet

streamlined notifications and review.

Simple wired power and networking

- Power over Ethernet delivers power and data through one cable
- 10/100 MbE interface ensures a stable wired connection

Designed for outdoor use

- IPX5-rated protection against rain and splashes
- Suitable for changing weather conditions around entry points

Technical highlights

- 5MP resolution with 1920 x 2560 vertical output
- 1/2.7 inch image sensor
- Up to 24 frames per second
- Infrared night vision up to 5 meters
- PoE power method

Specifications:

Overview	
Dimensions	137 x 40 x 26.4 mm
	(5.4 x 1.6 x 1")
IR Night Vision	5 m (16 ft)
Smart Detections (People, Vehicles, Animals)	yes
Resolution	5MP
Field of View	H: 95.8degrees, V: 131.2degrees, D: 175.9degrees
Audio	Two-way audio
Weatherproofing	IPX5
Mounting	Wall, 20degrees wedge (Included)
	Gang box, junction box (Optional)
UniFi Application Suite	
Protect	yes
Performance	
Networking Interface	10/100 MbE port
Video	
Image Settings	Color, brightness, sharpness, contrast, white balance, exposure control, 2DNR, 3DNR, NR by motion, masking, text overlay
Max. Frame Rate	24 FPS
Resolution	5MP 1920 x 2560 (3:4)
Optics	
Sensor	1/2.7" 5MP
Lens	Fixed focal length

ComX Computers

Product Specification Sheet

Night Mode	Built-in IR LED illumination and IR cut filter
Hardware	
Max. Power Consumption	8W
Supported Voltage Range	37-57V DC
Power Method	PoE
Processor	Dual-core Arm Cortex -A7 based chip
Weight	Device: 142 g (5 oz)
	With flat wall mount: 165 g (5.8 oz)
	With 20degrees wedge mount: 179 g (6.3 oz)
Enclosure Material	Polycarbonate, metal
Mount Material	Formed sheet metal
Button	(1) Ring button
	(1) Factory-reset
Ambient Operating Temperature	-30 to 50degrees C (-22 to 122degrees F)
Ambient Operating Humidity	20 to 90% noncondensing
NDAA Compliant	yes
Certifications	CE, FCC, IC
