

WL-0004

Surge WL-0004 27" VA QHD 2560x1440 180Hz Curved Gaming Monitor, HDMI, DP

Product Overview

Surge WL-0004 27" VA QHD 2560x1440 180Hz Curved Gaming Monitor, 1ms (typical) response time, 16:9 widescreen Aspect Ratio, 2x HDMI, 1x DisplayPort, 1x USB, 1x Audio, 178 degree viewing angle

Specifications

Overview Summary:

The Surge WL-0004 27" Curved Gaming Monitor delivers a high-performance visual experience built for fast-paced gaming and immersive entertainment. With QHD 2560x1440 resolution, a rapid 180Hz refresh rate, and a 1ms response time, it ensures smooth motion clarity and reduced input lag for competitive gameplay. Its curved VA panel enhances depth perception, pulling you deeper into every scene.

Designed for modern gaming setups, this monitor includes HDMI, DisplayPort, and USB connectivity for flexible device integration. Features such as low blue light and flicker-free technology support longer, more comfortable viewing sessions. Ideal for gamers in South Africa looking to upgrade their setup, this monitor is ready to elevate your experience-shop now and enhance your performance.

Performance tier:High-performance gaming tier (competitive QHD display class)

Uses:Competitive gaming, esports, console gaming, PC gaming, multimedia entertainment, high-refresh-rate workflow applications

Overview:

Surge WL-0004 27 Inch Curved Gaming Monitor 180Hz QHD Display

The 27 180Hz Curved Gaming Monitor - WL-0004 is a 27 inch curved Surge gaming monitor built for speed and precision. Its ultra smooth 180Hz refresh rate and curved design pull you right into the action, making it suitable for both competitive and casual gaming. The display size is 27 inch curved for an immersive gaming experience, offering a widescreen 16:9 aspect ratio with LED VA curved panel technology. It delivers a QHD resolution of 2560 x 1440, a 180Hz refresh rate, and a 1ms typical response time. The monitor supports 2 x HDMI, 1 x DisplayPort, 1 x USB, and 1 x audio connection, with a viewing angle of 178 degrees.

Description:

The Surge WL-0004 gaming monitor is designed to deliver a fast, fluid, and immersive visual experience. Its curved VA panel enhances depth perception while reducing eye strain during long sessions. With a high refresh rate and rapid response time, it supports smooth motion clarity for fast paced gameplay. The QHD resolution ensures sharp detail and crisp visuals, making it suitable for both gaming and everyday multimedia use. Connectivity flexibility and built in eye comfort technologies make it a practical choice for modern setups where performance and usability are equally important.

Features:**Immersive Curved Gaming Experience**

The curved design wraps the display around your field of view, creating a more natural and engaging viewing experience. This helps improve focus during gameplay and enhances spatial awareness in fast moving scenes.

SKU WL-0004 is part of Surge's performance focused gaming range, built to balance speed and visual clarity in a single display solution.

Display Performance and Visual Clarity

The monitor delivers strong performance across key visual metrics:

- Resolution: 2560 x 1440 QHD
- Refresh Rate: 180Hz for ultra smooth motion
- Response Time: 1ms typical for reduced motion blur
- Viewing Angle: 178 degrees horizontal and vertical

These specifications support sharp image rendering and fluid motion handling across gaming and multimedia applications.

Connectivity Options

A flexible input setup ensures compatibility with multiple devices:

- 2 x HDMI ports
- 1 x DisplayPort
- 1 x USB port
- 1 x Audio output

This allows seamless connection to PCs, consoles, and peripheral devices without limitations.

Design and Comfort Enhancements

The monitor incorporates low blue light technology and flicker free operation to reduce eye fatigue during extended use. Its curved VA panel structure improves viewing comfort, while the 16:9 widescreen format ensures compatibility with modern games and media content.

Curvature support between 1500R and 1800R enhances immersion by aligning the screen more naturally with the user's field of view.

Technical Summary

- Screen size: 27 inch curved display
- Panel type: VA LED curved panel
- Resolution: QHD 2560 x 1440
- Refresh rate: 180Hz
- Response time: 1ms typical
- Aspect ratio: 16:9 widescreen
- Connectivity: HDMI, DisplayPort, USB, Audio
