Performance tier: Premium

Uses: Listening to music, gaming, video streaming, commuting, sports, remote work

Overview:

UGreen Lightbuds Basic Wireless Earphones - Semi In-Ear, White - Long-lasting Battery, IPX5 Waterproof, Spatial Sound, Low Latency

The UGreen Lightbuds Basic Wireless Earphones are designed for users who value clarity, seamless connectivity, and extended battery life. Offering up to 35 hours of total playback, these semi in-ear earbuds deliver reliable performance for commuters, remote workers, and casual listeners. With Bluetooth V6.0, low latency for smooth media playback, and an IPX5 waterproof rating, these earbuds are built to last in everyday conditions. Their dual connection feature ensures easy switching between devices, while intuitive touch controls enhance user convenience.

Description:

UGreen Lightbuds Basic provide a high-quality listening experience with UGreen Golden Sound certification, guaranteeing clear, precise audio. The 40mAh battery in the earphones offers up to 6.5 hours of playback on a single charge, while the 500mAh charging case extends this to a total of 35 hours. These earphones are designed with durability in mind, featuring an IPX5 rating for protection against water and sweat. Bluetooth V6.0 connectivity ensures a stable connection, and their low latency of 80ms makes them ideal for watching videos or gaming. Additionally, the easy-to-use touch controls and dual device connection capabilities provide an enhanced user experience.

Features:

Key Benefits and Performance

Crystal Clear Audio, No Distractions

Designed to deliver authentic, clear sound, the UGreen Lightbuds Basic headphones are ideal for users who want quality audio without distortion. Their UGreen Golden Sound certification ensures an exceptional listening experience, whether you're commuting, working, or simply relaxing.

Up to 35 Hours of Playback

With 6.5 hours of playback from the earphones alone, and a further 28.5 hours from the compact charging case, these earbuds eliminate the hassle of frequent charging. Whether you're using them during long workdays or extended trips, you'll enjoy all-day listening without interruptions.

Stable Connectivity with Bluetooth V6.0

The UGreen Lightbuds Basic feature Bluetooth V6.0, offering enhanced connectivity for a seamless listening experience. Whether you're at home, in the office, or on the go, you can rely on a stable connection that ensures uninterrupted sound.

Water-Resistant for Active Lifestyles

Whether you're caught in the rain or sweating it out at the gym, the IPX5 waterproof rating ensures your UGreen Lightbuds Basic are protected. The earbuds are resistant to water splashes and sweat, making them a great choice for active users.

Dual Device Connection for Convenience

Switch between devices effortlessly with the dual connection feature. Connect your earphones to both your phone and laptop at the same time, allowing you to answer calls or switch between media sources without the need for re-pairing.

Low Latency for Media and Gaming

The UGreen Lightbuds Basic offer an impressive low latency of just 80ms, making them ideal for video streaming and mobile gaming. You won't experience the annoying lag that can sometimes happen with wireless audio, ensuring your media stays perfectly in sync.

User-Friendly Touch Controls

Control your music, calls, and even activate your voice assistant with a simple tap. The intuitive touch controls make managing your listening experience effortless, whether you're on a call or adjusting the volume.

Easy Charging with Type-C Port
The UGreen Lightbuds Basic support Type-C wired charging, ensuring quick and easy recharges. The universal charging port reduces downtime, so you can get back to enjoying your audio without long waits.

What's Included in the Box

- 1x UGreen Lightbuds Basic Earphones (Semi In-Ear), White
- 1x USB Type-C Charging Cable
- 3x Pairs of Silicone Ear Tips (S, M, L)
- 1x User Manual
